IMPORTANT UPDATE -- UFO CHANNEL VIDEO LIBRARY

Now on Facebook:

<https://www.facebook.com/UfoChannelVideoLibrary>

I've ALSO been sending this out as a package and it is going viral. It has plenty of solid evidence from highly respected sources.

ATTENTION PLEASE. Use this copy of the UFO Channel Video Library. After sending out the first copy, there was an attempt by someone to systematically remove many of the videos from the Internet to prevent the information from being spread to the public. This can still happen so I **STRONGLY** suggest you go to and copy each of these videos into your computer before they are deleted. Sorry for the inconvenience. I do not know who is erasing the video sites but for it to happen on this scale we can only suspect that powerful parties do not want the truth to come out, namely the government or the aliens. If any sites are taken down before you can copy them do a Google or Bing search for the title and see if it is posted anywhere else.

Thank you,
Art Greenfield

Here's something different, a web site that comes to you. I just finished putting together the UFO Channel Video Library and got the idea that instead of having an old fashioned web site, I'd package it up and send it to people I know who are interested in the subject, and post it in online groups I belong to and others that cover the subject. I posted it in a few places and it is already starting to go viral with people sending it to their friends and posting it around. Here's your copy. Let me know what you think.

Thanks,
Art Greenfield
UFO Channel founder

Together we can change things for the better.

=====

Ever wanted to have your own video library of TV shows and full length movies about UFOs and the alien agenda? I am posting the list of URLs in Internet groups, of everything in the UFO CHANNEL VIDEO LIBRARY. Now you have this library in your group and you can watch the shows anytime you want. You can even copy the list into your laptop or phone and watch the shows anywhere, even send it to friends so they can see and learn the truth for themselves.

=====

Welcome to the UFO Channel Video Library

Here you can learn the truth about the alien agenda from videos you can watch when and where you want. We are as close as your laptop, desktop, or video capable cell phone 24 hours a day.

UFO CHANNEL VIDEO LIBRARY

Videos and TV shows for the public to learn the truth about UFOs, alien abduction,

and the reasons for alien interaction with humanity.

These videos present the truth and back it up with scientific information and a variety of real evidence.

The UFO Channel is dedicated to revealing the truth. To fully grasp the truth you have to look at the Big Picture. The long term interaction of certain aliens with humanity has had far ranging effects on us, both good and bad. We will show what they have done here throughout history right up to the present day. We will explain everything, abduction, cattle mutilation, Roswell UFO crash, war and plague. The purpose of crop circles is anybody's guess.

The UFO Channel purpose is to inform everyone about why the beings operating ufos are here, so that we can gain control of our own destiny, and negotiate a mutually beneficial trade agreement with them.

This is a reference library containing written information and videos about the different topics associated with aliens interacting with humanity. There is a lot of video information in each section.

Remote Viewing

Remote Viewing is an innate talent we all have that allows us to mentally see people, places, and events near and far in the past, present, and future. There are sites online where you can learn how to increase your remote viewing skills. You may have noticed over the years that the name of a person or thing may just pop into your mind for no reason, and within a short period of time you will see that thing pop up on TV or in an unexpected phone call. Premonition is done through remote viewing. Physicists who have studied this have shown how it is tied in to quantum entanglement and signal nonlocality, and it is a real phenomena. Some people, like Nostradamus, could see world events on a large scale, hundreds of years in the future. This talent can be useful to you to help you see impending disasters and avoid them, or find lost people, children, or pets. It will also allow you to seek out, watch, and report alien activity here. Famed remote viewer Ingo Swann, who worked in the US government RV program, was able to view an underground alien base on the far side of the Moon. He was also able to view exactly where a kidnapped US Army general was being held by radical kidnappers in Italy, and the Italian police were sent in and rescued him. This talent can help us root out malevolent terrorists and aliens before they harm us.

If you see something, say something.

Here is some additional background information. If you have any questions, please ask.

UFOs are not all flown by true extraterrestrials, the majority of them are owned and operated by our advanced Repto Sapien cousins, who share the Earth with us as their ancestral home world. They are historically cited in about 80 places in the Bible, being described as a SERPENT THAT WALKS UPRIGHT ON TWO LEGS AND IS AS TALL AS A CAMEL (8 FEET TALL). There are statues and temple paintings of them in nearly every ancient society. This has nothing to do with "religious beliefs." It is a proven historical and archaeological fact. That's why I wrote a book showing all of the real world evidence.

WARNING reveals a frightening alien agenda, a long-term program of social domination and periodic controlled genocide. Mankind is now in great danger. We have a terrible problem to overcome. Resolution requires international solidarity, then forcible negotiation with the aliens.
