

MARK RICHARDS INTERVIEW:
TOTAL RECALL 10
MARCH 10, 2019

Disclaimer: Because of the convoluted nature of the case against Mark and the fact that as a journalist I am not allowed to use a recording device of any kind, not audio or video during the interviews. I am forced to rely on a dull pencil to scribble notes while at the same time asking questions I mainly have to depend on my memory for reporting what Mark says during our interview. It is entirely possible for me to get some things wrong or even just slightly incorrect. However, since my work is heavily dependent on my ability to retain information in whatever form, I have, over time, come to find for the most part my memory recall is surprisingly accurate.

When it comes to any inaccuracies I take full responsibility and simply ask your understanding of the constraints within which I work. Lastly, any statements about individuals mentioned here are based on statements by Mark Richards. Project Camelot is not responsible for statements made by Mark Richards which are then quoted below nor for their accuracy. Further research and sources are available on my site and linked below.

I have asked Mark Richards to write up an overview of the case as he remembers it to supplement the following. This should also be very helpful to augment my effort below. Once I receive his written reports I will include them here.

For over 30 years, Captain Mark Richards has been and still is, a prisoner of the war between on and off planet races that have dominated Earth for centuries. He is an honorable officer of the Navy, who because of his rebellion against the Draco and Reptoids (Luciferian alliance) is considered a threat to their operations.

He was framed for a murder he is accused of having masterminded while he was on a mission off-planet in service to humanity. He was Captain of a starship enterprise type vessel, fighting the war against aliens bent on the takeover of Planet Earth.

I am the only journalist who has interviewed him in person while he has been in prison.–Kerry Lynn Cassidy, Project Camelot

THE INTERVIEW

After waiting in lines to be processed through the prison paperwork for an hour and 30 minutes we finally made it into the prisoner meeting area.

KEY TAKE-AWAYS FROM THIS INTERVIEW:

1. Mark's and his father's arch enemy was James Jesus Angleton. This is also true for Kennedy. Angleton was instrumental in the death of John F. Kennedy and framing of Captain Mark Richards.
2. There are 6 alien derived AI's messing with Earth who do not have our best interests in mind.

Addendum: Mark answers most all questions I ask immediately with little or no hesitation. The exception is when I ask something that he has to figure out how much he can reveal without violating his National Security oath or an ongoing operation. Or as he has told me, when he has expressly been told what he can and can't say by whoever he currently reports to. He reports to "an undisclosed group" at this time.

Update on Prison Life / Mark's Health

Note: Mark's health has markedly improved. He is training for a new job as head of the Optical Lab that supplies all the eyewear for Medicare. It's a highly technical job supervising around 100 men as well as a number of Robots that operate the machinery. He is also being trained on computers. The last time he was around computers was on a job (in prison) where they used very old software.

He also teaches a screenwriting class and his group of inmates have 30 finished screenplays that he believes might become the basis for a TV series not unlike Breaking Bad or Orange is the New Black.

Short summary:

MURDER AND TRIAL— Mark states that didn't know what really happened because he wasn't there and the DA was given all his info from the mysterious Andrew Campbell (who supposedly was at the scene of the crime, took part in the murder but was never charged). Andrew Campbell may be an assumed name. Jo Ann (Mark's wife) had him tracked down and he lives somewhere in Central California). All the DA's info came from Campbell. Campbell changed his story 3 times on the record, each time the "motive" attributed to Mark was different.

Motives claimed by the DA were:

1. Motive 1: Based on a science fiction book ("Imperial Marin") Mark was writing which takes place in the future where, the story goes, Marin County has become a place "environmentally sound and an absolutely democratic and free society". It concerns a Planet-wide society led by hero kings who were focused on creating a better future. This novel (actually a series of 7 books) was misrepresented in the

courtroom and the press as a "takeover of Marin County". (see below for excerpt from the book cover).

2. Motive 2: This motive claims that Mark needed the money. The DA claimed, based again on testimony from Andrew Campbell that Mark 'masterminded the murder' for the sum of \$2000. This was apparently substantiated based on a paper that Mark's attorney, Shapiro got Mark to sign after he was jailed (when he had no means of support) and was simply untrue prior to the death of Baldwin. In fact, Mark states, that Mark's wife at the time, Caryn, during the year before the murder, had spent over half a million dollars on furniture. Mark states he was making far more money than was possible through his job as a contractor. Strangely, his ex-wife, Caryn, who reportedly has a problem with alcohol at this time, does not seem to recall or has never been questioned on how often Mark was absent from home during their marriage. In reality Mark's contracting business was a cover for money earned fighting for the secret Space Command.

The 2 men said to have committed the murder are: Crossan Hoover and Andrew Campbell. They were 18 at the time. Only Hoover was charged.

See all researched and investigated background here:

Excerpt: ..."KEY POINTS:

Richard Baldwin, the victim, was a known pedophile (according to court records). Hoover committed the murder while on drugs (according to the court transcript). Hoover had a prior history of being raped when young (considered as inadmissible in court and hidden from the psychiatric evaluations). Both boys were in their

teens. According to the court records, Andrew helped dispose of the body (very little background on him so far) and he did not serve time. Mark Richard's role is unclear..More to come...

Added note: I believe that Richard Baldwin was selected as the victim by the team within the military and highest levels of power in Britain and the U.S. responsible for framing Mark Richards. I have come to the conclusion that the murder was orchestrated with Hoover selected as the patsy due to his early history of having been a victim of pedophilia and unbalanced character.

I also believe that there is an underlying pedophile ring that is behind the scenes in the current campaign targeting of Mark Richards. This relates to the Luciferian alliance, satanism and the dark magicians. All indications are that this targeting of Mark Richards is happening now after nearly 35 years since the verdict, because of my interviews with Captain Mark Richards revealing the true nature of the alien presence and secret space program. This targeting is aimed at further discrediting Mark, and also aimed at discrediting me and my work as well as the work of Jo Ann Richards, Mark's wife. The motive behind this targeting and the persons involved are working to hide the true facts about the alien presence and secret space program.

ACTUAL BOOK COVER FROM THE MARK RICHARDS 7 VOL SET
science fiction fantasy novels: Entitled "Imperial Marin" which
states:

*... "Years after the Triskelion Revolution pushed corruption
out of the lands protected by the beautiful Mount*

Tamalpais, a young and vital generation of hero-leaders faces threats that the founders never dreamed about. Their lives based on passion for the planet and its people, these devoted individuals prove to have the courage to take on the inevitable attacks from every source—but will they survive such overwhelming evil?

IMPERIAL MARIN BOOK ONE brings to life a world where the people have chosen to live in an environmentally sound absolutely democratic and free society. This is no Utopia—but a wild world where science has introduced uncleansed cultism without sanctuary. But through it all, the people know that their young hero-kings will guide the new nation to its destiny—to be not only the future on Earth, but also humanity’s political route to the stars.

This is a story written for adult readers who are seeking an epic new myth-saga of political science-fiction/fantasy for the 21st Century.”—Mark Richards

During this interview I asked, among other things, about Mark's lawyer and why he trusted him to represent him, the case and much more...

In order to be fully informed you must see the investigation done by Camelot blogger: Paul Collin, a former CIA, financial NOC (non-acknowledged cover) agent who eventually received a burn notice, had his passport taken away, and lives in his car on the streets of Los Angeles.

INTERVIEW CONDUCTED MARCH 10, 2019 at the California State Prison, Solano with Captain Mark Richards.

Around the time of the murder, Mark had more than one construction company. He supervised crews that reported to him. And he had hundreds of people in the secret U.S. Space Command who reported to him.

Regarding Hoover and Campbell, Mark states that he really didn't pay that much attention to them. They were just ditch diggers as far as he was concerned.

Side note: Apparently there is also another young man named Willie Robles, who was not charged who may have had something to do with the murder. Robles was dating Hoover's sister and was

said to go around saying he would 'bash someone's head in with a baseball bat' if he got angry. Robles disappeared shortly after the murder and was not available for the trial because he joined the Navy. However he had not actually reported to the Navy prior to the murder. His defense at the time according to what Mark heard was that he had already joined and reported to the Navy when in reality he was still hanging around at the time of the murder. Mark suspects that it actually might have been Willie who committed the murder while the others looked on...

Right before Baldwin was murdered Mark learned that Baldwin was a pedophile. Baldwin owed Mark around \$4800 at the time and was slowly paying Mark back in both trade and cash. Mark makes the point here that killing him would cease the flow of money and be counter-productive in this case...

The way that Mark learned that Baldwin was a pedophile is that Mark's company was hired to remodel Baldwin's house. Mark's crew called him one day at the beginning of the job to say they found a huge amount of child porn in the house saying 'you won't believe what we found.'

See the research links above for more on how Hoover's history of being molested by a pedophile when young factors into his possible motive for committing the murder...

Right after the murder when Mark was taken into custody a lawyer friend of his family, who worked on the Jack Ruby defense along with the famous lawyer Melvin Belli contacted him. His name was Karl Shapiro. Shapiro was famous and associated with the mob. Shapiro is not available at this time as he passed on a few years ago. Another link to Mark's defense team and the Kennedy assassination was Tinker who was a Private Investigator who also worked with Shapiro. Ultimately Mark states, that neither Tinker nor Shapiro would do what Mark asked them to do with respect to his case.

Mark's alibi during the exact time of the murder was that he was eating lunch with his parents house. His lawyer, Shapiro told him that would never be believed by the jury. However, it is notable that they could never place Mark at the scene of the crime.

Mark states that he had just returned from fighting the war in the Falklands. Which he says was a battle for control of planet Earth. It a turning point. If we had lost the battle we would have lost control of the Earth. It was a battle with alien races: Draco, Reptilians and Greys. The Raptors fought on the side of the humans. Mark claims that he had the Raptors at his beck and call. And Mark admits to being very arrogant and confident back then (he was 29) and he was boasting while in the Falklands about how the Raptors saw him as a hero.

https://en.wikipedia.org/wiki/Falklands_War

Mark stated that it was likely because of this that they framed him for murder. Although he doesn't know that for certain.

Note: however, the Navy did use technology from the aliens to see future timelines and Mark does also believe they looked into the future and saw that Mark was going to be a problem and a whistleblower. If one reads the first volume of his 7 volume science fiction fantasy "Imperial Marin" one can easily see that Mark, like his father was a firm believer in democracy and freedom for all and had a strong code of honor. It's not a leap to realize that James Jesus Angleton and the plot to kill Kennedy would have made clear to both Mark and his father that their philosophy of life was in direct opposition to the totalitarian/fascist approach of those who believed in rule by secrecy.

Mark said that the war in the Falklands was won but it was the last great military campaign for Britain.

The reason Mark and his father hired Shaprio is that he was a friend of the family and had defended Jack Ruby. Shapiro apparently volunteered to defend Mark. All through the trial Shapiro convinced Mark and his father that Mark would get off

the charges easily. Mark realized later he was misled by this false sense of security that Shapiro conveyed.

Shapiro had Mark sign a paper saying he was indigent while Mark was in jail which was more or less true at the time once he was locked up since he had no means of income at that point. However, prior to the murder, Mark had a large income. This paper became added grounds for the claim that Mark's motive for the murder was that he "needed money" when in fact, at the time of the murder Mark had plenty of money.

Around the time of the murder, Mark's father, Ellis Lloyd Richards, seen as a hero by the British and American Air Force, had just returned from fighting a war (with aliens) in Kamchatka, Russia (note: In 1983 a 747 was shot down)....

<https://ricochet.com/548836/archives/35-years-ago-russians-shoot-down-kal-007-all-lives-lost/>

His father went into Letterman hospital while Mark was in jail waiting for his trial. Mark was left to languish in jail for a year because Shapiro kept insisting that any day the charges would be dropped and Mark would be released.

Karl Shapiro was fully read in on what Mark and his father were involved in (space command, the secret space program) and, according to Mark, did not want anything to come out in the trial to reveal Mark's true background.

It is not hard to see that his involvement with the history of the Kennedy assassination and the mob places Karl Shapiro in a uniquely advantageous position with respect to framing Mark Richards years later for the supposed murder of Baldwin.

Finally Mark was out on bail for approximately 8 months until the trial actually took place.

James Jesus Angleton was a very powerful head of the counterintelligence division of the CIA. And Mark believes Angleton was one of the top human-alien liaison between humans

and the Reptilians who were bent on taking control of the United States government. According to Mark, Angleton hated both Mark and his father. This was, Mark stated, largely because both Mark and his father believed the American people had a right to know the truth about the alien presence and the secret space program which went diametrically against where Angleton stood as the acknowledged head of all secrets within the Agency.

In fact Angleton was famous for his fervent belief in secrecy so much so that members of the agency were often kept out of the loop with respect to work they were involved in. Angleton was a known "packrat" and had a huge system of files that he closely guarded. After his death the whereabouts of those files which contain key information on this crucial time in American history between 1954 and 1975 became in question. Project Camelot has reason to believe that copies of those files may exist although most were confiscated shortly after Angleton's death.

..."Ironically, although Angleton had helped develop the CIA's central registry (where names, reports, and cases were indexed), his staff had one of the worst records of any CIA component for contributing data into the main system after 1955. This was because of Angleton's obsession with secrecy and his inability to trust the security of the CIA's main filing system. He believed there was nothing to prevent someone from stealing from the CIA's storehouse of secrets. Keeping the best files to himself also helped consolidate his bureaucratic power." (52)"--<https://spartacus-educational.com/SSangleton.htm> / (52) Tom Mangold, Cold Warrior: James Jesus Angleton: The CIA's Master Spy Hunter (1991) page 54

Angleton was also known to have been instrumental in Project Paperclip (bringing Nazi scientists over after WWII). And Mark says Angleton was at the very top of the power hierarchy that was responsible for killing John F. Kennedy.

..."It is inconceivable that a secret intelligence arm of the government has to comply with all the overt orders of the government." --James Jesus Angleton, giving testimony to Church Committee inquiry into CIA activities, 1975
<https://spartacus-educational.com/SSangleton.htm>

Angleton had strong ties with the mob and of course the Dulles brothers.

Side note: Project Camelot was directly threatened to stop an investigation of Angleton back in 2008. We were told people would die (including us) if we pursued an important line of research involving a leaked document from Angleton's files. We were forced to abruptly close down our investigation and fly back home. At the time had been scheduled to do an interview with a key contact when we received a phone call in our hotel room telling us to stop. We decided not to pursue our investigation after being threatened that if we did so, sources related to our investigation would be killed.

As a consequence, the Angleton connection to the Mark Richards case reveals a very high and deep reason for him having been framed and imprisoned now for nearly 40 years. We are very aware of how high the Angleton connection goes with regard to the alien situation.

With regard to the trial, according to Mark, the DA relied exclusively on the information provided by Andrew Campbell. (see above) It appears that Andrew Campbell was highly likely to have been the CIA undercover agent on the scene orchestrating events while Hoover was the patsy.

The DA brought in new evidence at the end of the trial during his closing statement which did not give the Defense any chance to reply to it. This is unorthodox, if not illegal. The piece of evidence had to do with a "chimney sweep" who had a receipt for lunch (?) indicating Mark had bought his crew lunch prior to the

time of the murder. But Mark claims he simply paid for the lunch and then did not eat with the crew but continued on to have lunch with his parents at their home.

Mark believes that although the Chimney Sweep's evidence did not place Mark at the scene of the crime it may have swayed the jury.

Caryn, Mark's wife at the time, divorced him during the trial. Mark believes she was pressured by the mob to do so. She apparently had family (her father) who had ties to the mob.

At one point the judge fell asleep during the trial!

Lastly, Mark stated that it is also possible Dick Baldwin is alive and well in a witness protection program!

SPECIAL NOTE:

When Mark was arrested the DIA (Defense Intelligence Agency) put together a report that refuted every charge against Mark. Mark believes that report still exists. At the time, there were several paper copies of the report made and distributed (in 1982) and it was also sent to the DA's office. The report supposedly disappeared but there are still copies around and if found and released that report would instantly free Mark.

RE KM: SUSPECTED COVERT ASSET

See the background of KM as detailed in the investigation by Paul Collin linked above. One of the people KM has contacted is someone who works with Mark. This person refused the interview and is loyal to Mark. Mark states that the only way KM could have gotten that man's name is from the side of the secret government involved with framing him. This contributes to proof that KM has been tasked by them to further discredit Mark Richards and in the process Jo Ann Richards and me (as the only journalist interviewing Richards). It appears that KM is working

for the Luciferian Rebellion also known as the Reptilian-Grey-Draco alliance.

Hoover was granted parole (after years of denial) right after KM interviewed him. However, this was recently overturned.

Mark also said the attacks on him, Jo Ann and his family really started in 2017, when Mark started to appeal for a commuted sentence. However, recently all commuted sentences have been stopped. Not sure what that means for Mark's appeal.

CONCLUSION TO INFO ABOUT MARK'S CASE:

To understand the Mark Richard's story is to understand that history as we have been told it, is a lie. The development of the secret space program and the rule by secrecy hides the deals with and presence of alien races on Planet Earth and changes everything.

Many if not all wars have also been fought with various alien races not only in the last 200 years but long before that. See the best history of humanity and the wars fought both on and off this planet in the Ashayana Deane, VOYAGER books One and Two.

OTHER SUBJECTS:

Mark agrees with the following concepts:

- there are many different timelines
- hologram Earth and beyond
- human simultaneous incarnations
- time and space simultaneous
- Mark thinks our brain can assist other versions of ourselves on other timelines
- yes there are armies of androids in underground bases both under U.S. and China (he has seen Chinese androids)

- Still insists Cloning is a faulty temporary science and most clones either give themselves away through off behavior or fall apart within limited time 3-4 months

HOW MARK GOT FROM THE GROUND TO THE ORION SHIPS

PORTALS... there are several different kinds.

Through the use of Jump Points for shuttle craft - LaGrange Points L5

There are 5 key points on the Planet, called LaGrange points or L5. Note: (this topic was covered to some degree in a previous interview with Mark). From Google: "...Structure of Lagrange points. There are five Lagrange points around major bodies such as a planet or a star. Three of them lie along the line connecting the two large bodies. In the Earth-sun system, for example, the first point, L1, lies between Earth and the sun at about 1 million miles from Earth."

Mark says those points allow one to jump off planet easily and used to be used for shuttle craft going back and forth to the larger Orion craft parked above the planet. However now amateur astronomers focus on those points and so they (the secret space program) don't use them very often.

TWO KINDS OF PORTALS:

Dimensional portal: is where you travel with your body intact or

Quantum Gate : is where you disassemble and reassemble your body (but this one is dangerous and you can die in the process)

Mark never used the Quantum Gate.

KEY POINT : AI TAKEOVER OF EARTH

THERE ARE 6 AI's from other Planets/ Beings Attacking Planet Earth at this time embedded in our AI and networks and we are fighting them.

This is a more direct unequivocal statement about the state of AI on this planet than Mark has previously been willing to say.

At this time, due to the attacks on Mark, Jo Ann, me and his family he is now pushing the envelope even further on disclosure.

HUMAN ARMY

Around 200,,000 humans were taken off planet by Raptors and are ready to return and fight for humanity but so far are unable to do so because humans are so unaware and would think it was "satan's army" when they are in fact dedicated to the survival of humanity. Which is one of the reasons the Raptors want disclosure.

THE TAKEOVER OF PLANET EARTH has actually already happened. We are battling the six AI's ongoing.

We are also battling the Draco, Reptilians and certain species of Greys. The Greys report to the Reps and the Reps report to the Draco. They are using the AI as well. And the Trogs (which are basically insectoids).

Note: we have some friendly AI's as well as other beings including Raptors who are more equipped to battle these AI's but it is ongoing...

And yes this does include an AI takeover of our financial system. The takeover has basically already happened.

DISCLOSURE HAS SLOWED...

Right now the Raptors and some other beings who are fighting for us are pissed off at what is currently going on with the attacks on truth tellers. And he has heard that 6 ufo researchers have been murdered since Christmas... didn't have the names but will supply them to me.

They are very angry that disclosure seems to have been somewhat stalled recently.

NOT KNOWING WHO THEIR FRIENDS ARE

Lately, those working in the secret space program no longer know for sure who their friends are. Not only the AI has gotten in so deep they can no longer trust their own stuff or each other.

IRAN WAR?

Yes. This is happening. They took the troops out of Syria but left the Russians in charge on the ground there. We are working with the Russians in this war. (Which I have been saying...)

War with Iran leads to war with China. And the Russians will side with the U.S.

Right now they are trying to decide if they are going to start the war very soon. There are races like the Raptors that are working very hard to stop the war.

I asked if the Syrians are similar in bloodline to the Iranian Aryan bloodline. And Mark said yes. The humans with Aryan and also blond and blue eyed females are the most targeted (and compatible as far as DNA, with the Reptilians).

SICKLE CELL ANEMIA

Reptilians are not compatible with this gene and it would rule out the person with this code for genetic, breeding, food or even sexual purposes. They cannot feed off the Black race as much.

STARGATES IN ZAGREB MOUNTAINS

There are Syrian refugees being taken off planet used for food and breeding.

The reason for the war is to take over the STARGATES in the Zagreb Mountains. Between Iran and Afghanistan and Iran and Iraq. This war has been ongoing. They are the stargates through which the Reptoids, Draco and Greys are bringing in huge craft to takeover Earth and transport thousands of human slaves off world.

Those gates are heavily contested.

REPTOIDS & DRACO

China is run by the Reptoids. Russia is out for themselves but if you are useful to their agenda and the U.S. is, then they work with you.

North Korea is run by the Reptoids. The Draco are in control over those countries because they are over the Reptoids.

CHANGE IN TRUMP?

There seems to have been a change in Trump over the last six months. Mark doesn't think the indictments are actually being acted on at this time.

TENERIFE TUNNEL BORING MACHINES

I asked him about the ultra-modern tunnels in mountains in Tenerife that we saw recently and yes he said they were created by the same tunnel boring machines used underground. He said there are tunnels like that in Canada.

They do this in plain site because they figure humans are too dumbed down to get it.

The African rift valley has a huge Reptilian Base. Because they can hide out in Africa.

SARDINIA - SPIDER BEINGS AND REPTOIDS

I asked him about Sardenia because recently it was suggested that I lead a tour there but I told Mark the place makes my skin crawl... and all I see are spider beings and reptilians. And Mark said I am absolutely right. He said, he wouldn't even go there. And that is true not only in the past but right now.

TURKEY -- LAST STRONGHOLD FOR REPTILIANS IN THE PAST (before they left the Earth)

The reason there is so much Reptilian symbolism in Turkey is because it was the last hold out of the Reptilians before they left planet Earth.. (no date given). However they are back in force now.

OPERATIONS ONGOING

Mark conveyed to me that he and his team do still go on operations. This was not said but implied. He said he can't say more but he is not always in his cell....

RAPTORS ARE PROTECTING ME

Mark said the Raptors are protecting me and sometimes fly over my house when they sense I am under attack. He said that they also communicate in the early stages with humans, by singing in soft and engaging tones....

CALIFORNIA FIRES

I mentioned I was evacuated during the fires. And Mark said the Elementals tend to protect wealthy homes and areas because that is where they prefer to hang out.

The fires are collateral damage in the war over the stargates and portals. He said there are lots of portals in the area where I live (north of Los Angeles). And that the Chumash Indians were well aware of this. The Chumash range all along the coast all the way up to Santa Barbara.

They can't hide the violence in the war with the alien races so they create collateral damage in the form of fires.

TRUMP ADMINISTRATION

They are the only ones fighting for us in the U.S. at this time... But there is something going on right now with that administration.

CLONES NOT RELIABLE

Mark said Clones get taken over too easily and so they are not really a viable way to push things forward.

KEVIN SPACEY SET UP?

Mark totally agrees that Kevin Spacey is being set up because of what he knows.

JOHN LEAR

John agreed with Mark about the Spider beings in Vietnam (see my prior interview with John and with Mark Interview 9). Someone, very likely KM, has turned John against Mark. Or the group behind John Lear have required him not to support Mark in any way. I suggested Mark write to John with info only a pilot of a large craft would know.... Unfortunately John won't review any of my interviews with Mark or backup material about the case etc.

John was told by certain sources that Dulce has never been invaded by us.. which is untrue.

Also see this testimony from a CIA whistleblower on his death bed:

<http://projectcamelotportal.com/2017/01/11/cia-operative-eisenhower-threatens-to-invade-area-51-3/>

Keep in mind that this is the challenge of discernment. I encourage all those reading this and watching my Mark Richards interviews to listen carefully and see what resonates.

Discernment is all about being able to tell truth from falsity. As with all information, do your own research.

MICRO NOVAS

I asked Mark about micro novas from the sun or other stars several light years away. See Paul Collin's investigation into Micro Novas also called Multi-Messenger Gamma Ray Bursts <http://projectcamelotportal.com/2019/02/25/vatican-observatory-intelligence/>

Mark acknowledges these are a threat but says that he has been told that our alien friends including the Raptors would warn us in advance and they are able to redirect the burst. Note: Project Camelot was told years ago by Valery Uvarov (former head of the Russian KGB weird desk) that there are installations on Earth built by alien races to handle incoming asteroids. it occurs to me micro novas as well.

THE NEW HUMAN

In many ways Mark Richards is like the new human. He grew up in the secret space program and knows we are at war with various ET races for Earth and Human sovereignty. That there are both good and bad (positive and negative) service-to-self versus service-to-others everywhere. More good than bad. But the bad ones can ruin your day, year, month or eon. It is always refreshing to talk with him because it is not about whether ET or AI is real. This is a given. Instead we talk about what is in essence the exo-political playing ground and the pressures both on and off the planet and what really matters in the human trajectory or journey into the future.

We have alliances of mutual benefit to both parties with various ET and inner Earth races.

BLOND BLUE-EYED HUMAN FEMALES

Blond blue-eyed females are the perfectly compatible DNA mix for Reptilian genetic engineering. In fact they are the main sacrificial

victim of the Illuminati (this comes from various sources including Shane the Ruiner and others). Judging from this, what it indicates is that the blue-eyed blond and Aryan lines have the most reptilian DNA of all the races hence the compatibility.

RAPTOR WEDDING

In late February around the 28th there was a major Raptor wedding uniting two major Raptor family lines and Mark called it a 'great love story'.

JAN MICHEAL VINCENT

He was a close friend of Mark's and died of alcoholism because he had seen too much and knew too much and couldn't handle it. Mark had the utmost respect for him and misses him.

ERNEST BORGNINE

Another famous actor actually started off in the NAVY and both he and Chad Everett saw some things off the coast of Malibu which changed their life. They were afraid he was going to talk so they offered him a career in Hollywood and he took it.

He was also a friend.

NEW NATIONAL PARK OFF VANDERBURG AIR FORCE BASE

This new national park called "Jack and Laura Dangermond Preserve has been established to hide a huge ET underwater and underground base that stretches down to Malibu. This is the base that was discovered on Google and made popular by Jimmy

Church. Jimmy vowed he was going to investigate further but was clearly shut down.

A lot of money has gone into this national park which is really a cover for this huge alien base.

NUCLEAR TESTS IN NEVADA AND OFF THE COAST OF LA

Many nuclear tests were not really tests but used to close Portals to keep unfriendly beings out. They use nukes to displace the grid to close the whole grid down.

The nuke off the coast of LA -- 180 miles off the coast was not a test but closing a portal.

THE AI HAS FORCED OUR MILITARY TO DISMANTLED HAARP

They took it down in the U.S. and Russia and according to Mark that leaves us defenseless. Our military were forced to take Haarp down. They obeyed the order.

Project Camelot was told years ago that Haarp technology could construct a shield over sections of planet Earth and that allowed us to detect incoming craft. This is what may actually be the case. Mark's comment that we are now defenseless is very significant with regard to Haarp.

DRACOS

They are involved in wars in the Orion constellation but are also very involved on Earth. They are trying to split the Raptor's focus from the humans and Earth by causing wars elsewhere.

OTHER TIMELINES AND AI GETTING MIXED UP

Our Generals are now realizing that the AI could be making mistakes. And they may be confusing timelines and acting totally inappropriately because they think they are on a different timeline.

The AI may be assessing a situation and thinking it is happening right now on our timeline, but it may be happening on another timeline. And the action the AI chooses may play out on our timeline and we haven't even arrived at the place that the AI are attempting to deal with.

And we have no control over those AI.

We don't know if all the AI's have the ability to distinguish between which timeline they are on.

MARK'S ENEMIES WERE KENNEDY'S ENEMIES

And the day Kennedy went to Dallas he was on the way to address an aerospace group of scientists about what was really going on and he was going to disclose the real war with aliens that we are fighting.

PENTAGON

Plane that supposedly hit the Pentagon.. Even if it wasn't a plane, Mark says that it is important to remember that they had a manifest for the supposed passengers which contained some top agency people and several generals and others and all of them disappeared. No matter what really hit the Pentagon those people are gone...off planet, underground or dead.

AI AND 5G

The internet of things and 5G lays the groundwork for AI to travel everywhere around the planet without restriction.
