## CALIF STATE PRISON SOLANO

### PREAMBLE:

*For over 35 years, Captain Mark Richards has been and still is, a prisoner of the war between on and off-planet races that have dominated Earth for centuries. He is an honorable officer of the Navy, who because of his rebellion against the Draco and Reptoids (Luciferian alliance) is considered a threat to their operations.*

*He was framed for a murder he is accused of having masterminded while he was on a mission off-planet in service to humanity. He was Captain of a starship enterprise type vessel, fighting the war against aliens bent on the takeover of Planet Earth.*

*To my knowledge, I am the only journalist who has interviewed him in person while he has been in prison.—Kerry Lynn Cassidy, Project Camelot*

## MARK'S PROTECTION

He's very protected in prison by certain individuals. We talked a lot about Trump. He admires how he has been able to handle all the attacks from various angles and stick to his guns.

## RANDY CRAMER : REVISITING THE ALIEN FALSE FLAG SCENARIO

I told Mark briefly about the idea put forward by Randy Cramer (supersoldier/U.S. Marine) about the military's frustration with our current standstill on Planet Earth with regard to disclosure and the state of high tech they are dealing with and would like to see incorporated into life on surface Earth. A fake alien invasion would jump start disclosure of the truth (since this would be real battles with real aliens) happening as they currently are hidden by wars, fires in California and Amazon for example etc

Mark views the Fake Alien Invasion as very viable and worth considering. He is very aware that the military is dealing with real multiple invasions by multiple not so friendly alien races currently and the battles are getting harder and harder to hide from public scrutiny. He also stressed that various races don't want to be confined to desert like environments on Earth and want access to our coasts and more watery areas.

#### YELM CONFERENCE - BUG/BEETLE-TYPE BEINGS AS FAKE ALIENS?

Mark was already aware to some degree about what happened at the conference in Yelm with regard to Randy Cramer and me where Cramer lost his temper when I asked a question. In essence, how did they intend to conduct a false alien invasion when the real one is going on at the same time? I also repeatedly asked Cramer what "alien race" would be chosen to be the "fake aliens" but he refused to answer.

I suggested the bug beings used in the HALO BOOKS (games and movies) and depicted in ENDERS GAME (book and movie) saying that is what children and teens are being encouraged to fight. Mark agreed that was a logical possibility.

Note: the problem with using Greys is that there are so many species of Grey aliens and as a "common enemy" they would be harder to distinguish by people in battle re friend or foe.

Mark was interested in the dynamic surrounding the idea of revisiting the fake alien invasion scenario (aka Project Blue Beam) by the military -- and what that indicates about the level of frustration within the military with regard to disclosure.

Cramer repeatedly stressed the need for a Ronald Reagan style "common enemy" needed to unite all of humanity in a common cause. Cramer claimed the reason they want a fake alien invasion is to redirect the attention of the public away from the secrets hidden by the secret space program/secret government and military for over 70 years. They are concerned about the people turning against them. If they create an enemy that people can focus on they will get disclosure while at the same time winning battles with aliens (guaranteed in the case of fake aliens) making them look like heroes...I guess they figure once the alien card is played and people believe it they can control the narrative and disclosure under the guise of war.

The question is: why would a member of the military (Randy Cramer/marine) be selected to leak this into the alternative community? Randy claimed in his talk that they want a certain part of the population to question the 'alien invasion' keep cool headed but in reality from my pov as always they work to split the population in order to maintain their control over them. Collateral damage (bloodshed) would reveal the real nature of the real aliens and the fake alien "battles" would give them an out. It works for them if some of the population question the news stories (i.e. creating a conspiracy) and a doubt in the minds of the public. If things go south around the alien invasion question they can always rely on the rumor that it's all fake to help mitigate the fall-out. Needless to say, launching this scenario would completely change the paradigm on the Planet.

## WHO YOU GONNA CALL WHEN YOU GO TO WAR WITH ET?

There are a number of former officers that they could call upon to assist with this war... fighting aliens, Men who may be retired, like Mark, but retain the real knowledge and experience fighting aliens.

## SCREENPLAYS

He has been teaching a screenwriting class to some inmates who have been taking his class for 2 years and they have a series idea... they tried to send me some scripts but they never arrived.

## HURRICANE DORIAN

Stayed for several days over the island (Bahamas) and hurricanes do not do that. It was targeted and engineered. Mark has not revealed the real purpose to me however I can say it is likely to do with removing the people because of the intense amount of activity going on at the undersea bases in that vicinity.

Mark also said this hurricane was the 2nd time in the past 4 years when the Eastern seaboard was evacuated. Under cover of evacuation a lot of things go on including wars with incoming alien races and closing the portals.

## THE ET "GOOD GUYS"

We wouldn't even be here if not for the alien "good guys".

## SECRET SPACE PROGRAM

How it is made up. He said it is very fragmented in to as many as 18 different divisions. And they are not unified. One faction bumped into another faction's ship for example. And that faction retreated from the scene and couldn't get over the mishap for a long time. Petty differences predominate. A lot like NATO.

## TOP LEVEL AND DARK MAGICIANS ARE RUNNING THE SECRET SPACE PROGRAM

Those we call the Illuminati are in control.

## UNITED NATIONS HAS HAD AN OFFICE OF ALIEN AFFAIRS IN GENEVA

For many years. They are waiting for an alien to walk in. LOL

But actually in prior interviews Mark has talked about meetings that the UN are aware of and involved in involving various races.

#### TV SHOW ON CW

There is a tv series on CW with a red-headed version of me who investigates stories. Worth watching and they are disclosing info on that show.

#### AFRICA: AND RACES FROM ALDEBARAN

Cramer says they are getting out of hand... Hard to control. Mark expands on this. Trying to push the parameters of the areas of Africa they have been given. They do what was done during the American expansion in the West from the East Coast. Creating other small settlements on the way to their main base.

They also start out with one or two items they want to acquire like chocolate or minerals but as time goes on they want more things and have been establishing more settlements.

#### ATTACKS ON MARK RICHARDS IN ALTERNATIVE MEDIA

The attacks are aimed at Mark's effort to get a commuted sentence. And could affect the ruling as to whether Mark gets paroled.

I communicated that my view of those attacks is that they provide a platform that serves the dark and the people who want to remain in the dark. My take is there is a gay mafia/pedophilia angle that the attackers are part of (along with those running them). I am still convinced that they are run by British intel. Perhaps the German DVD side and aimed at silencing me, Mark and Jo Ann.

Lately they are preoccupied with Mark's father and attacking him and Mark's mother. Both deceased. Spreading false info about his parents really angers him.

Mark has contacts in British intelligence who have denied that they are involved. But this is still very possible according to Mark and from my perspective as well.

Mark and his team of lawyers have found a substantial amount of dirt on the attackers. It will be released in a video in the future by an unknown party.

#### EPSTEIN & PEDOPHILIA

Mark said Epstein has been operational since college.... Most of what Epstein did happened in the '80s. Definitely a double agent. What he was involved with in trafficking young women, boys and children has been highly sanitized and limited in the press to 14 year old girls.

He agrees that both sides had a reason to want to eliminate him because they both had things they wanted to hide. So once he was willing to talk they may have taken him out.

Mark totally agrees with me that the New Mexico ranch house was likely used to ship humans (girls, boys and children) to the Dulce base. That Epstein was involved in sex and commerce... There's never just the sex side of it. Commerce is actually viewed as more important in the view of the perpetrators. So moving minerals is all part of the job. This relates to the Uranium One story. Most operations are not simply one sided.

Which makes the Epstein arrest is actually a limited hang-out. Not much more about this will come out.

Mark has been trying to get to the bottom of whether Epstein is still alive. It's very possible he is...

#### ALIENS ARE PUSHING THE LIMITS OF THEIR TREATIES

They are rebelling against being confined to desert areas. They are encroaching into populated areas making secrecy very difficult.

#### THE ALIENS THAT INVADED THROUGH THE PORTAL IN NORTHERN CALIF

The aliens in the area of PARADISE CALIFORNIA look like a combination of SPIDER AND OCTOPUS...They are hunters. They come from a planet about Jupiter sized and their moon about the size of Earth.

#### FIRES IN THE AMAZON -- REPTOID INCURSION

Mark talked about fires in Amazon being set by Reptilian ships. In prior interviews he talked about fires in California as collateral damage of portals opening to allow rogue access by certain aliens then needing to be closed by our military using particle beam weapons (they used to use nukes).

Reptoid ships are starting the fires purposely in the Amazon, as mentioned above and the military and local government have to be very careful that wealthy 'well meaning' individuals do not end up going down into the Amazon and seeing the Reptoid craft starting the fires...

#### MORE ABOUT PORTALS

Every portal is different. There is an issue with closing a portal. Which has to do with whether it has a closed end and destroying it could release what is backed up inside. It can blow up. So they have to be careful about closing portals. Because they can

explode and cause more havoc.... Some portals are connected to stargates and open into other dimensions so trying to close it can cause problems.

Back in the 40's and 50's we would just nuke the portals (to close them) and we didn't really know what we were doing. The Raptors thought we were crazy to be doing this.. Humans don't realize that some aliens are having like a "Frat party" where they are deciding it would be fun to go off and invade Earth for fun and kill some humans.

Unfortunately in those days we used nukes to close portals in Nevada and Southern California (off the coast) and raised the radiation level needlessly to way above normal.

#### THE BEST DEFENSE IS STILL AN OFFENSE

Mark thinks like a military man. He admits this.

#### WHO HANDLES DISCLOSURE: NOT VATICAN

Mark says the Vatican will not handle disclosure because they are run by the Reptilians and too easy to assassinate.

The Reptoids very tightly control the Vatican.

#### CHINA - TOTALLY CONTROLLED BY REPTOIDS

This includes the Elders. Using China, the Reptoids have been trying to take over the world financial system for many years.

Chinese communists — And race of Chinese are not reptilian but taken over by the Reptilians.

The Reptoids got into India and Pakistan thinking that would be a big theater of operations and world drama but they were wrong. Not much has happened with the India-Pakistan situation.

Reptoids that control China are trying to control our resources. War with China may be inevitable.

#### REPTILIAN BASE IN DRACO MOUNTAINS OF SOUTH AFRICA

They want to and are expanding out from there, wagon train idea... such as what happened in the Western U.S.

#### TERRAFORMING THE PLANET - 24-35 ALIEN RACES INTERESTED IN COLONIZING EARTH RIGHT NOW

Humans are spoiling their nest. Lots of alien races want to take over Earth but can't live in our atmosphere. Some are not necessarily our enemy but want to take over Earth because they don't think we are doing a good job of maintaining it. Many of these aliens need a more methane/radiation filled environment. There are 24-35 aliens very interested in colonizing our planet right now.

#### TERRIFYING ALIENS

Some of the most terrifying looking aliens are actually our friends!

#### REFUELING OF PLANES IN FLIGHT IS BEING DONE BY DRONES

Drones are AI and thinking for themselves. There is a story about one drone that would not obey a direct order because it decided that it was the problem. Even when assured that it was not the problem it would not believe the humans. It was ordered to refuel a space ship coming in to the base from outer space. But the drone refused. It was getting a reading that it, the drone was a danger to the humans and base. Even though the humans said to it that it was not a danger. It dove into the ground and destroyed itself.

#### ALIENS MORE ORGANIZED THAN HUMANS? NOT NECESSARILY

We tend to think aliens are more organized than us but that is not true. A lot of alien races are arguing among their groups just like we are arguing among ours. They are not so equipped to deal with us as we tend to think.

#### I ASKED HIM WAS THERE ANYTHING HE WAS SUPPOSED TO TELL ME?

The aliens want to colonize us not eliminate us. They like what we are able to do like jewelry, beer, chocolate and other talents we have.

They want us to take our place in space with our skillsets.

A LOT OF ALIENS WANT FULL DISCLOSURE...don't even want to colonize but want to do business with us.

#### SECRET SPACE NOT ONLY ABOUT DEFENDING EARTH BUT ABOUT COMMERCE

Some of the things they don't want us to have (even though we already have it)... TIME TRAVEL, ANTI-GRAVITY SHIPS, GATE TECHNOLOGY. We have had gate technology since the Montauk Project and before...

#### ALIEN - HUMAN HYBRIDS PROGRAM - GREY HUMAN HYBRIDS

He is aware of it and yes it has been very successful. I mentioned my theory about the program being so successful in Central and South America that one of the reasons for increased border control is about keeping them out because ala the X-Men their powers could be difficult to handle. He agreed.

#### TSA SCANNERS

Have nothing to do with detecting METAL. They are detecting what race you are, AI or human or alien and the one thing they can do is zone in on bone structure because bone structure doesn't lie.

#### TRUMP

Trump is always trying to tweet messages out with hidden meanings. Trump is not owned by any group. He's highly unpredictable. Mark admires how he has maintained himself under the attacks. Doesn't let others push him around. Agrees he is likely the reincarnation of General Patton. Patton was also a lot like Trump.

#### EARTH DEFENSE HEADQUARTERS

Organization / nonprofit that Mark and Jo Ann started. Was hoping to put together a group to bring the challenge of anti-gravity forward... But so far have not been successful.

#### GLOMAR EXPLORER

Created as a high tech craft to raise a sub from the ocean floor. Ever since then it has been used for secret missions. And used as a meeting place for above top secret meetings.

#### REPTOIDS

There are 8 different reptoid species. He doesn't call them reptilian-human hybrids because in his day regardless of the race if it's a hybrid it's the enemy. Now they recognize that humans are also hybrids.

## WAR IN THE ORION SECTOR

The Draco are heavily involved in the war for the past year in the Orion sector and have been attempting to distract the humans and Raptors from that war by creating issues on Earth. There are currently 50,000 humans serving on the Orion front and fighting the war against the Draco. It is the most active war in the Galaxy. There are two sides: Dracos, Reptoids and Troggs (described in a prior interview as insectoids), and Greys and the other side is Raptors, Mantids, Pleiadians and Humans.

I asked if one of the possible distractive maneuvers (by the Draco) might have been the Vegas false flag attack. And Mark said he didn't have good enough intel on the Vegas situation but it was possible.

## BREXIT

Some group is holding it back. It's imperative that the British are able to come over to the American side. We can't fully trust them at this time which is strange because they are our closest ally.

## SECRET SPACE PROGRAM IN COLORADO SPRINGS, NORAD

Only a very small part of the the secret space program. Bases under Washington DC not a major base...

## THE FUTURE OF HUMANITY

If we last another 80 years we will have become a type 4 civilization and we are currently a type 2. From Mark's pov we are already a stellar civilization! See more about the types of civilizations here:

<https://futurism.com/the-kardashev-scale-type-i-ii-iii-iv-v-civilization>

## SPECIAL POWERS

I asked Mark if he has special powers (and talked about some of my own abilities) and he indicated that yes, he can't elaborate but he does.

## JOHN F KENNEDY

He knew Kennedy personally and he was very prolific sexually and back in those days they would all have sex with whoever and they had too much sex, too much drink and too much drugs. When Kennedy went to Dallas he was very sure of himself and figured he could go on stage in Dallas and say whatever he wanted to and expose the entire coverup re aliens, cia and so on.

## RAPTORS

They don't just obey you when you give them an order. They have already decided if the order is a good one or a bad one. And you cannot begin to have a discussion with them about the different points of view because they have already seen all arguments and make their own decision. So it is difficult commanding Raptors.

## PLASMA BEINGS

Randy Cramer brought forward the idea that there is an alien race of plasma beings that can shape shift into anything... But these, Mark said, are not the same type of being as the J-tune that Mark and Jo Ann have talked about which are not made of the same material... But it is interesting that we now have a supersoldier marine revealing the presence of a different type of alien.

## MARK'S NEW JOB (SEE INTERVIEW 10 FOR MORE ON THIS)

But the thought I have is that the elements of his job, such as being in charge of a large group of men, using computers and in a high tech environment to manufacture lens for eye-wear, may reflect that they (the military) could be testing him to see if he could be re-recruited into the space program and whether he can handle the current state of play our military is dealing with. He agrees this may be possible.

## MARK'S PRIMARY GOAL IS TO SEE HUMANITY SUCCEED

In this his objective may match at least a portion of those running the secret gov/secret space program and lead to Mark being able to convince them that he can be trusted.

/end.

Disclaimer: As a journalist I am not allowed to use a recording device of any kind, not audio or video during the interviews. I am forced to rely on a dull pencil to scribble notes while at the same time asking questions I mainly have to depend on my memory for reporting what Mark says during our interview. It is entirely possible for me to get some things wrong or even just slightly incorrect. However, since my work is heavily dependent on my ability to retain information in whatever form, I have, over time, come to find for the most part my memory recall is surprisingly accurate.
