

NOTE FROM THE TRANSCRIBER:

The one I previously sent you was a synopsis of most of the material. I re-listened to the entire interview tonight and wrote this copy literally word-for word EXACTLY accurate, so both you may be confident to provide it for your readers and Simon may feel confident sharing it with his 'Connecting Consciousness' coordinators that they may send out to all and the more general public as well.

S: Hi Kerry and listeners. I am delighted to have this opportunity. I don't know if you guys know, but you've got this big explosion that's just occurred in the Kennedy Space Center.

K: No, I hadn't heard that news.

S: Okay. I heard about it before it went on the mainstream news. I've notified all my "Connecting Consciousness" coordinators. This has just very recently happened. I don't think you guys would have been told about it yet. I don't know whether this is a 'false flag', whether this is an accident that occurred, but I can tell you that it's non-nuclear. I tell you what, I will share a screen with you. I've got a photograph that someone sent me. Would you like me to do that.

K: Please, excellent. Yes. While you do that, I am going to look for any news that we seeYou're kidding? Space X explosion? This is what the remote viewing might have been about.

S: Exactly right. This is why I was sharing it with you. Can you see the picture on my screen?

K: Hold on one minute. Yes, I do.

S: That's the Kennedy Space Center and I got told that perhaps four minutes after it occurred, before the main news posted it. What I do when I get information like that is, I put it around to all my Connecting Consciousness coordinators in Europe and America. I didn't do the British coordinator because this didn't happen in Britain, but it does serve America. All I can sway at the moment is that the information I was given was that it was not clear whether this was a 'false flag', whether it was a deliberate explosion or whether it was an accident. So, I just wanted to alert you to the fact that there's been an explosion with a mushroom cloud, which is non-nuclear over the Kennedy Space Center.

All right, thank you. Now, I will go on to the subject you talked about. The established media has successfully hidden from most people that over the last six weeks, American military forces have been building up, not just in Germany, but in many of what we would call the low countries, moving upwards through.

You've asked where they are. The American military armor has moved up to the border of Russia, but it is also in a number of German towns. So, it is not a defensive posture. It is an aggressive posture. That's a key point. Over the last three weeks in Great Britain, the number of British and American transfer aircraft; the amount of their journeys to and from Europe has been incredible. They have been seen coming back empty. Now, we haven't gotten any pictures of them going out, but I have personally seen them arriving empty. I believe basically that they are taking armor, sending it across to mainland Europe and then coming back and re-loading. So, there's been a recent operation over the last six weeks but, the people's of the world were not told that.

I want your listeners to please understand that this has been a planned operation ... this has been built up, but it's leaking out now, because it's only so long that you can hide thousands of troops and hundreds of tanks. There comes a point when the lid comes off the boiling pot up and people start to see it.

So, in answer to your question; up towards the border with what we perceive to be the old Russian border, but also in towns and key locations but, not in a defensive role.

K: Okay. I want to allow you to give whatever other information you might have gotten in the interim, but I will have some drill down questions, so why don't we let you deliver everything; then when you're ready, I'll start with questions - okay?

S: Thank you. We need to understand that the two world wars have occurred in Germany. It doesn't matter who was guilty or not. The fact is that they have always started in Germany. And, any third world war was always targeted to start again in Germany. When a banking system is on the verge of collapse; the elite, and I'll name Mr. Rothschild; the elite will seek to have a war to reinvigorate the banking system; to reinvigorate the economy and start all over again.

Now, we've got two aspects to this that we have not had before. The first aspect is the Satanic arm of the Illuminati are quite happy for Jacob Rothschild and his gang to engineer a situation that causes a collapse of some sort. But, unlike the Rothschilds who want to just step back and then take the profit from it; this Satanic group wants a complete war. They're not interested in profit. What they are interested in is reducing the population and bringing the western economies to an absolute turmoil. We have not seen that before because the second world war and the first world wars were controlled.

Now, this situation is not controlled. And, one of the big players here is President Putin, the Russian president who cannot be manipulated by some of these very bad people in the west. What was supposed to happen was, that Russia was going to react to the American military build-up and give a reason for the United States to launch some form of preemptive strike. Mr. Putin has not done that. That's made it difficult.

Now, let's look at Angela Merkel. If I was the Chancellor of Germany; if I was Angela Merkel and I really cared about my country and somebody came to me and said, 'you are finished economically so, what we are going to do is we are going to destroy your country; but don't worry – it's for the greater good'. I don't think I would be very happy either. What Merkel did was basically send a message to the negative Illuminati saying, 'we're ready for the worst'. And, actually, they just increased their warning. The warning was for ten days with of food and ten days worth of water. Today, that's been increased to fourteen days.

So, they are now looking at two weeks. For the last two years; I have always said you need three weeks worth of food and three weeks worth of water. They are now talking two weeks. So what they did is that they sent a message saying, 'okay - do your worst. We will bring in a form of conscription. We will increase our army. We will have our petrol, our gas, our food and water supplies at major dumps all over Germany, which they are doing now. We will make our citizens self-sufficient and we will fight.

Now, that was not expected. What they thought that Angela Merkel would just roll over and do what they wanted. That's good for Germany, but it's very bad for the United States of America, and for my country, Great Britain. (If you give me a moment, I will explain why that is bad for us but good for you.) We then also had other countries as you said, you are quite right - people know the country known as Czechoslovakia, although really, it's called the Czech Republic – they followed suit immediately and said 'yes, you have to put food and water away'. But, something that has not been reported; the president of Czechoslovakia had a private conversation with his prime minister and the president of Czechoslovakia asked his prime minister, 'was it feasible to give every citizen a gun?'

K: Wow.

S: He actually asked the prime minister, 'could we do that?' I haven't had an answer, but that was definitely asked. That's how serious it is. Then, we had the Finish government in Finland who shares a border with Russia, saying the same thing – food and water supplies for ten days. And, then we had a general in the Norwegian army suggesting that all Norwegians should be armed. So, we have a very big situation occurring in that area because they know that something is happening. What they think is going to happen is going to be war. I DON'T BELIEVE THERE IS. I think that there could have been, if we had anybody other than President Putin.

WHAT WE HAVE GOT IS A HUGE CRASH COMING AND I AM GOING TO NAME THE BANKS. DEUTSCHE BANK WILL BE THE FIRST TO GO. Then, it's either going to be CITY BANK IN THE UNITED STATES OF AMERICA or BARCLAY'S BANK IN GREAT BRITAIN. WHEN THOSE THREE BANKS GO, THERE WILL BE AN ECONOMIC COLLAPSE IN THE WESTERN WORLD, and THERE WILL BE NO FOOD AND WATER FOR A PERIOD OF ABOUT THREE WEEKS.

So, I think that these major countries bordering Russia are not so concerned about a war. They are more concerned about a deliberate attempt to bring the economy down, and their countries being very weak to protect that. So, that's the first thing.

The other thing I want to say is, for the last six weeks; there have been tanks moving through Romania. That's not been widely known, but American tanks have been put down in places where the media can't find them, and made their way through Romania to these positions. Don't just think of one place these tanks are coming through.

All right. So now, let's quickly move across for: WHY IS THIS BAD FOR MY COUNTRY, THE UK and AMERICA?

Because, no matter what the media says, private polling in the United States of America shows Mr. Trump has 60% of the vote. PRIVATELY, MR. TRUMP IS GOING TO WIN THE ELECTION. Now, you know that in the U.S., you have some very outdated machines that count the votes; deliberately so. IT'S POSSIBLE TO ALTER UPWARDS OF ONE MILLION VOTES, but the majority that Mr. Trump would get is so great, that those miscounting machines could not later the election. He would still win.

So, there is a real chance that President Obama WILL SEEK TO POSTPONE YOUR NOVEMBER ELECTION, and you can't do that unless YOU HAVE A NATIONAL EMERGENCY. When the two twin towers came down; nobody talked about martial law. They were talking about bombing another country. But if there is another tower incident or something that happens, the first thing they'll do now is MARTIAL LAW TO HOLD OFF THE PRESIDENTIAL ELECTION.

There are two power factions in America that are key at the moment. One is the politicians at capitol hill that are working through the Clintons; Hillary Clinton, and the other is the part of the military, but only part of the economic industrial complex who are supporting Donald Trump. IF DONALD TRUMP BECOMES PRESIDENT; HE WILL WIPE AWAY CAPITOL HILL AND THE SYSTEM THAT HAS BEEN THERE FOR SUCH A LONG TIME. SO, THE POLITICIANS IN CAPITOL HILL WANT TO STOP DONALD TRUMP AT ANY PRICE.

I DON'T KNOW HOW MANY OF YOUR VIEWERS HAVE SEEN THE MAN WITH THE HYPODERMIC NEEDLE STANDING NEXT TO HILLARY CLINTON, TRYING TO KEEP HER AWAKE AND ON HER FEET. She does all of her campaigning from inside. And, she can very rarely go out. AND SOME INFORMATION WHICH PERHAPS NOBODY ELSE MIGHT HAVE COME FORWARD WITH; HILLARY CLINTON HAS BEEN OFFERED A CLONE DOUBLE; NOT A BODY DOUBLE – A CLONE DOUBLE. SHE HAS DECLINED THAT BECAUSE SHE KNOWS IF SHE ALLOWS A CLONE IN, THEY WILL TERMINATE HER BODY, BECAUSE THEY WON'T NEED HER ANY MORE. SHE'S TRAPPED. I feel very sorry for her actually. She's fighting an election that she doesn't want. She's completely manipulated and this could well be THE LAST FREE ELECTION THAT YOU'LL HAVE IN THE STATES FOR QUITE A WHILE.

So, that's my news. However, I want to finish it by saying, THIS IS NOT THE END OF THE WORLD. THIS IS NOT ABOUT CATAclysm AND WE'RE ALL DOOMED. THIS IS LITERALLY ABOUT A PHASE THAT WE NEED TO GO THROUGH TO COME OUT THE OTHER END, AND BE COMPLETELY REBORN. So, we don't need fear. We don't need to be scared or concerned in THAT way. WE DO NEED TO TAKE PRECAUTIONS. WE NEED TO BE SAFE AND WE NEED TO REALIZE THAT THE OFFICIAL MEDIA WILL NOT BE TELLING US THE TRUTH. SO, I SAY AGAIN TO EVERYBODY, FORM GROUPS, KEEP IN TOUCH. If you got a citizen band (CB) radio, use that because they can't jam all of it, and try and keep in touch with everyone, and be safe. HOLD ON TO WHAT YOU BELIEVE IN. JUST BECAUSE SOMEONE SAYS SOMETHING ON THE NEWS DOESN'T MEAN THAT'S HAPPENING. I DON'T want to end Kerry, with my hands waving in the air saying, the end of the world is nigh, because I just don't believe it. I don't want that message to be the energy message here because IT'S ACTUALLY A POSITIVE MESSAGE. You and I and many others know that WE HAVE TO GO THROUGH SOME PAIN TO COME OUT THE OTHER END.

K: Absolutely. Thank you so much Simon. I've got, as you can imagine, a number of questions. I do want to say that we are in a very strange situation and as Camelot; we were given certain information in advance. We were told that their deadline is coming up; that the end of 2016 was to do the financial reset, and 2017. We were told this many years ago. So, it appears they are trying to keep

with their schedule. I think what is also happening with everything else is that they're not on schedule and they don't know how between now and the election, to do the reset. And, they don't know if they can get the reset to happen right after that. But for some reason that I don't know, there's something about getting it done in 2016. And, then 2017 is a whole another ball game that may involve manufactured earth changes in essence - one's that are man-made. So, this is what we have been told, and I am just putting that forward to sort of augment with where you're going. But, I do want to say that it is very interesting; this dynamic that has to do with WW1 and WW2, using Germany as a jumping off point. I wonder if you can focus a little more on why Germany and why you think that -- what it sounded to me is as though Germany was holding back from maybe sending troops on the ground to Syria, because what they really want, according to Leo Zagami's disclosure all those years ago; is to begin Armageddon. This is all part of it. So, they don't seem to be getting Armageddon to happen, and I do think Putin is behind the scenes sort of halting that. I think Turkey tried to get out of it; then Erdogan was going to be deposed. Then he got back into line. Then he got his country back. And now, he in lock-step, went right into Syria, right after that. So, I don't think that's an accident. We have lots of information that the Italian quake was a targeted hit using the tectonic weapon, and I believe possibly Italy is not on board with sending troupes on the ground either into Syria, and getting this whole thing escalated. So, what do you have to say to all of that?

S: I'll work backwards. Everything you said, I agree with. I don't disagree once with anything you said Kerry. You obtain information from different sources than me, but they are coming from perhaps the same place. So, it's actually accurate. I would just add that it was absolutely, I believe from all that I've been told, a targeted energy attack in Italy to produce the earthquake, but it was also a testing to try to . I've been warning about the San Andreas Fault in California. I think they used it also to see: can you produce an earthquake that doesn't trip everything, but just has a limited damaged area? It's very, very hard when you are playing around with Mother Nature and you are trying to do that. I think they were using it because I still think there's a chance they may attempt San Andreas Fault. If they don't get their own way, I still think there is a chance THEY MAY ATTEMPT TO TARGET THE SAN ANDREAS FAULT IN CALIFORNIA - IF THEY DON'T GET THEIR WAY EVERYWHERE ELSE. It was 150 miles I think, south of Rome, Italy. It was a place that caused damage but not excessive damage. That's the first point I would say - I totally agree with you there. We cannot talk about this without talking about the Kurdistan Jews. As A Jewish person myself, I have always made a distinction between being a Jew and being a Zionist. I wish more commentators would actually understand the difference.

THERE ARE A GROUP OF THESE PEOPLE WHO ARE HELL-BENT LITERALLY, ON FULFILLING THEIR OWN PROPHECY. THESE PEOPLE HAVE HAD GREAT INFLUENCE IN 9-11, THE SITUATION WITH MARS, THE ROYAL

FAMILY IN ENGLAND ... many, many things. WHEREVER THERE'S AN ISSUE, GENERALLY SPEAKING, WE WOULD FIND THIS GROUP. THERE IS NO EXCEPTION HERE. The history between Germany and the Jews is far more complicated than any regular historian would actually understand.

In one of my alerts, I refer to Angela Merkel as the Archduke. In the first WW, the Archduke was murdered and it started the ball rolling. As soon as Angela Merkel refused to play ball with what this small group of negative very influential men wanted - (and there is just a small group of them, just a handful. Please don't think there are thousands of them). When she stood up to them; then her life was always on the line. Now, I think it was a botched attempt in the cavalcade. I think that in a situation where somebody tries to kill a high-ranking politician, your own viewers and listeners know that the cameras are not allowed to see anything. But, we have seen pictures of a man in handcuffs. That was deliberate because I think that what the German authorities were showing that people behind this man and those that would copy his actions - this is what would happen. Normally, you would have a blank camera; nothing would be shown. You would just get a very terse couple of sentences of what happened. But actually, on German television, they showed the 4x4 and they showed this man with handcuffs on. Now, they did that as a sign, 'we got him, and you try it again; we will obviously take it further'. So, that was power politics being played using the media that didn't understand it was being used; but that's how it was.

So, it will always be Germany because Germany geographically is the center of Europe. In terms of; when we had the Cold War, we expected the Russian tanks to come through Germany. IN the winter War, which was the war between Germany and Russia, up in the cold front, and we had a whole situation along there. Germany is pivotal and also, Germany is a very powerful economy. If you can destroy the German economy, you'd really knock Europe back. So there are many reasons why it would be Germany. But, I think also that the energy is part of these people's culture. These negative people have been successful twice in creating wars in Germany, so why wouldn't they go for a third time lucky?

K: Okay. Now, in terms of the Syria situation and what I was talking about getting groups on the ground; could you perhaps address the Armageddon/Syrian situation, because that seems an important arm to all of this?

S: Yes, it is. You are right - the game of musical chairs -- where suddenly you're about to loose your country, and then you get your country back; you're out of favor and then you're in favor. There have been a number of countries including Canada who have been edging back from the cliff; trying to disassociate themselves with the policies coming out of the United States of America. I just want to say that this is not an attack on the American people. When I say the United States of America Kerry; I do not mean all the decent, millions of people who live in the states. I am talking about the few people who are making these

horrendous judgments. But, nevertheless, they are speaking for the American people; although the American people don't really know what these guys are telling other world leaders.

Basically, you look at ISIS. You look at all these so-called terrorist groups that have been funded through the same oil, through Saudi Arabia and through other countries. If you are going to start world war; the days of starting it off in one go won't work because people are media savvy. People now are more prone to a gentle build-up. They'll accept it more. So, by looking at countries that don't immediately affect the economy such as Turkey, YOU CAN CREATE THE MINDSET IN PEOPLE'S EYES, THAT THE WORLD IS A VERY UNSAFE PLACE AND WARS CAN BREAK OUT ANYWHERE. SO, THEREFORE, PEOPLE WILL BUY INTO THE CONCEPT THAT IT WAS GOING TO HAPPEN ANYWAY; THAT IT WAS NATURAL. THE WORLD WAS READY IN A TINDERBOX TO GO UP. SO PART OF THE POLICY IS TO CREATE A CONFLAGRATION, BUT TO DO IT IN A WAY THAT YOU TAKE THE POPULATION WITH YOU. THIS IS A FORM OF MIND CONTROL; A FORM OF A GAME.

So, yes, Turkey is chosen because Turkey is an incredibly important country; part Christian, part Muslim. It's a part of NATO; the North Atlantic Treaty Organization. You can divide the country in half. The half that is Christian is western, and the half that is Muslim is not. It's used as a buffer to keep out the ideas and the energies of the eastern world, shall we say. That's why Turkey's so important to them. If that buffer was to go; there are lots of secrets; lots of things that the people in the west don't know and would filter through.

So, it was a 2-pronged approach: 1: To slap their president and their parliament around the head and, 2. To create an unstable situation that could actually cause more of an effect on Saudi Arabia actually, and oil prices. So, it's about oil still.

K: Okay, now under the circumstances, we have this unexpected recent announcement by Obama to the American people, and I have to say that that is rather unexpected. I was assuming that there would be sort of a domino effect in Europe, but I certainly didn't think that they would start this ball rolling in the United States quite so soon. It does sort of portend that they want to make a move soon - sooner rather than later, as opposed to let's say, after the election. This is beginning to look like before the election. Maybe that works with what you have been talking about; about there not being an election - there being a reason to stop things. And certainly, all the things about Trump and Hillary; this is very, very possible. We were told a couple of years ago that Hillary was slated by Looking Glass technology, I believe it was - to be the president; to win this election. So, whether or not the polling looks the way they want it to or whether they manipulate by doing something -that seems tone the way they want to go. Now, how they get to achieve that, I have no idea. That's important. The clone

thing: I actually had been told that Hillary's clone was already done and operational, or whatever. I think it is interesting that right now she is having such pronounced health issues. There is a change I think, that we are experiencing with the energies around humanity in general, with the Awakening going on and, maybe because of this. The scenario is not set in stone. I live in California. I have had waves of energy and we know that they are activating HAARP. I am an earth sensitive and I can feel it. The other night they were doing it, which indicates they are about to try something - I don't know what. So, I don't know what you have to say about all of that. There is an escalation, (that's the bottom line) that I am seeing here in the U.S. and I am wondering how that relates to what they do over in Germany. We don't know that it's going to affect us. We know Putin will push back. Maybe there's a detente of kinds. I am also looking at the autumn equinox as being a significant energetic time that they may select. Where do you think this is going? So, do you want to address any of that?

S: Sure. The clone is right. What it doesn't have is her soul. There is a clone there. She has rejected taking her soul into the clone because she knows ... I must go back a bit. HOW THEY'VE SOLD IT TO HILLARY IS THAT SHE IS NOT CAPABLE NOW OF RUNNING AS PRESIDENT. AND THAT WHAT SHE SHOULD DO IS HAVE A CLONE WITH HER SOUL IN IT THAT COULD GO OUT AND DO THE MEETINGS, AND THEN IN THE EVENING WHEN SHE WANTS TO SIT BY THE FIRE, SHE CAN HAVE HER SOUL BACK. HILLARY CLINTON IS MANY THINGS, BUT SHE IS NOT STUPID. SHE KNOWS THAT ONCE SHE DOES THAT, SHE'S FINISHED. THE REAL CLINTON WILL BE DEAD, AND DESTROYED, AND BURNED; GOTTEN RID OF. SO, I TOTALLY AGREE WITH YOU. THE CLONE IS ALREADY UP AND RUNNING BUT IT DOES NOT YET CONTAIN HER SOUL. SO, THAT'S FOR CLARITY.

President OBAMA WANTS THE COLLAPSE TO OCCUR AFTER THE ELECTION. BUT THE PEOPLE WHO ARE REALLY RUNNING THE SHOW WANT IT BEFORE THE ELECTION. THIS IS WHAT IS CAUSING OBAMA GREAT PANIC; IN TRYING TO FIND WAYS OF STOPPING THE ELECTION OR HOLDING IT UP. OBAMA HAS BEEN LIED TO. HIS DEAL WAS THAT HE WOULD FINISH HIS TERM OF OFFICE, BE THE FIRST BLACK PRESIDENT, AND EVERYTHING WOULD BE HALLELUJAH AND WONDERFUL. AND, WHEN IT ALL WENT WRONG, IT WASN'T ANYTHING TO DO WITH HIM. Well, hey-ho; these people are now saying to him, 'we can't wait'. You are absolutely right Kerry. We are on the same timeline, but we are on a different portion of that timeline. They want to push it early. Like many people, I said personally for the last two years that October 2016 is an absolute key date. I am looking like wrong. It looks like it's earlier. IT LOOKS LIKE 4 WEEKS OUT. ALTHOUGH I HAVE ALWAYS SAID OCTOBER, IT COULD BE IN SEPTEMBER. It could still be right - it could be October. So, Obama wants this AFTER his presidency, but the people pulling the strings want it BEFORE his presidency.

THE ANNOUNCEMENT OF HAVING WATER AND FOOD FOR 3 WEEKS IS NOT TO DO WITH A WAR THAT WILL WIPE OUT AMERICA. IT IS TO DO WITH DISRUPTION OF THE SUPPLY SYSTEM.

NOW, I DO PREDICT AN ATTACK IN BRITAIN, MY COUNTRY AND IN THE UNITED STATES. THIS IS A "FALSE FLAG" ATTACK. I DON'T SEE A DISRUPTIVE BOMB IN BRITAIN. I'M SEEING IT KNOCKING OUT ALL OF THE FINANCIAL SECTOR; THE CITY OF LONDON. It's a city within the city, the golden mile where the stock bond and shares exist. (David Icke has always talked about the separate city. He is quite right). IN THE CITY OF LONDON IS CONTAINED THE POWERHOUSE OF THE WORLD IN TERMS OF THE STOCK MARKET; STOCK BONDS AND SHARES. IF THAT WAS DISABLED AND TAKEN OUT, THIS WOULD HAVE A HUGE AFFECT, NOT JUST IN GREAT BRITAIN, NOT JUST IN EUROPE, BUT ACROSS THE WORLD - PREDOMINANTLY IN THE WESTERN WORLD. SO, I GENUINELY SEE A HIGH PROBABILITY OF AN ATTACK TO KNOCK OUT THE ECONOMIC BACKBONE OF THE WESTERN WORLD, AND NO BETTER WAY THAN TAKING OUT THE CITY OF LONDON.

NOW, IF YOU COULD COMBINE THAT WITH SOME FORM OF PHYSICAL ATTACK IN THE UNITED STATES OF AMERICA, YOU HAVE ALL THE REASON YOU NEED TO ORDER MARTIAL LAW AND TO BRING THE TROOPS ON THE STREET. TO GIVE EVERYBODY IN THE UNITED STATES WHO WEARS A UNIFORM, no matter what that uniform is - to give them power of a police officer. THAT'S WHAT THEY'LL DO. You'll have A SITUATION FOR THREE DAYS; where their system will work = so people will be knocking on people's doors, and put them in what you guys have - your FEMA camps. After the 3rd day, that will break down, and whatever system they are trying to run will not work.

AGAIN, I DON'T WANT THIS AS A FEAR-BASED INTERVIEW, because you and I both passionately know Kerry, that we are all going to come through this. The point is, I WANT PEOPLE LIKE YOU ALL TO BE AWARE SO WHEN THEY SEE IT HAPPENING, YOU DON'T GO INTO PANIC MODE. You will say, 'oh yes, I was listening to Kerry Cassidy the other day and this is what she told us; and what will happen. I now know what I need to do.'

Great Britain, North America and Germany are the 3 key countries. Russia is key but Russia is actually absolutely doing nothing. It's keeping out of it.

K: Okay, but there is a question of what you're saying - an attack on the financial center. Yet, these are the financial guys behind. They are the ones that fund both sides in a war. This is part of their motivation to get things going; from what I understand.

S: Yes

K: So I am wondering, are they going to attack, themselves, and if that's the case; is this a cosmetic attack. There was a time when we had an attack to do with Sandy Hook etc. that I was told by a remote viewer that was linked actually to the financial center of Wall Street and some underground storage computers that had financial secrets. They actually removed a great deal of money under the distraction of Sandy Hook, and they moved it from there to Colorado, from what I understand, and so on. Is something of that sort going on because I don't see them just destroying their own financial center without some kind of reason or motivation?

S: Well, when the Twin Towers came down, there was a huge amount of gold that was being shipped through the underground passageways, and that was used as a cover. I know you know what most people don't know. There is a difference now. There is no money left in the world. There is no real wealth left. It has been sucked out of most everything. What's left isn't real anymore. That which is left is either owned by China, George Soros, the Rothschilds, and one or two other few people. So what you got nothing left, all you can do is put a situation out that the value of a company drops by 60-70%, although it's valueless, but then you can come in and buy it, and make your money. That's what they have always done with these recessions. The difference is they are not attacking themselves. What they're doing is they are saying that the system that we have created – we are now in uncharted waters. We actually don't know now. We made the system - I'm talking to the Rothschilds; they made the system. But, FOR THE FIRST TIME IN THEIR OWN HISTORY; THEY DON'T KNOW WHAT'S AROUND THE CORNER. ALL THEY KNOW IS THAT THEY SUCKED OUT SO MUCH WEALTH, THAT THERE'S VERY LITTLE LEFT FOR THEM. AND, THEY ARE QUITE HAPPY FOR IT TO JUST FALL TO PIECES; THEN GO IN AND BUY IT ALL OUT. THERE ISN'T ANY MORE SECRET MOVING. IT ISN'T A COVER TO MOVE GOLD TO MARS, OR TO MOVE GOLD TO SOMEWHERE ELSE. THAT'S GONE.

ALL THE U.S. HAS IS A GREAT QUANTITY OF SILVER. The great quantity of gold is in China. So, it's not about a blind or a false cover. It's actually about wiping everything away and re-starting up again. Because, there isn't anything worth saving from their perspective - of an economy. I've talked about Deutsche Bank. The Deutsche bank owes so much money; it is literally just a pinprick into a balloon away from completely going. THAT'S HOW CLOSE IT IS.

WHAT MANY PEOPLE DON'T UNDERSTAND ABOUT BANKS IS BECAUSE THEY SEE BANKS DURING THE DAY. BUT, WHEN A BANK CLOSES, IT DOES IT'S REAL BUSINESS. FROM ABOUT, I DON'T KNOW, MIDNIGHT TO 5:00 OR 6:00 IN THE MORNING IS WHEN IT DOES ALL IT'S TRADING; MONEY THAT THEY REALLY MAKE. I CAN TELL YOU THAT DEUTSCHE BANK SOMETIMES

IS WITHIN (in American terms) JUST A FEW HUNDRED THOUSAND DOLLARS SHORT OF GOING BROKE; EACH TIME THEY TRADE DURING THESE CLOSED HOURS. THAT'S HOW CLOSE IT IS.

So, we need to understand that if one major bank goes, I PREDICT ECONOMICALLY THAT IT WILL BE 4-6 TIMES WORSE THAN WHEN LEHMAN BROTHERS WENT DOWN. SO, BETWEEN 4-6 TIMES WORSE. SO - WE CAN THEN UNDERSTAND THAT A LARGE HYPER-MARKET. IT ORDERS IT'S FOOD AT MIDNIGHT AND THEN A LORRIE (TRUCK) ARRIVES AT 5:00 IN THE MORNING. IT'S ORDERED ALL ELECTRONICALLY AND IF THAT SYSTEM GOES DOWN, THERE IS NO WAY FOR THE PEOPLE TO BUY BECAUSE THEIR MONEY CAN'T TRAVEL ELECTRONICALLY. THEN, THERE IS NO MORE FOOD IN THE SUPERMARKETS. THAT'S WHY THE GOVERNMENT IS SAYING, 'YOU NEED TWO WEEKS OF FOOD AND WATER', BECAUSE - THEY THINK IT WILL TAKE THEM TWO WEEKS TO GET THE SYSTEM BACK UP AND RUNNING.

Now, I quickly want to talk about my country, the UK. In this country, you can hold up to 75,000 pounds in the bank, and the bank has made it quite clear that if an emergency arises, it will take all your money. So, if you have 100 pounds or 1,000 pounds; the bank will take your money. They made that absolutely clear to everyone in Great Britain. But in 21 days, they will give it back to you. BUT, if you have anything more than 75,000 pounds, they'll take all of it and only give you back 75,000 pounds. The rest they will keep. NOW THAT'S ROBBERY. If someone does that to you in the street; that's a robbery and you call 911. No, this is going to be 'legal' because the banks are going to do it.

SO, I'VE BEEN SAYING TO PEOPLE, TAKE YOUR MONEY OUT OF THE BANK, STICK IT UNDER YOUR BED (OR SOMEWHERE SAFER), BECAUSE WHAT MAY HAPPEN AS WE LOSE THESE MAJOR BANKS IS THAT ONE MINUTE TO MIDNIGHT, EVERYONE'S BANK ACCOUNT WILL BE EMPTIED ELECTRONICALLY. YOU GO TO YOUR CASH MACHINE AND IT WON'T GIVE YOU ANYTHING. THIS IS AN OFFICIAL POLICY. IT HAS BEEN OFFICIALLY HANDED OUT BUT PEOPLE DON'T SEE IT, PEOPLE ARE SO PROGRAMMED THAT AS LONG AS THE SHOPS ARE OPEN, AS LONG AS THEY CAN GET MONEY OUT; THEY JUST THINK IT WON'T HAPPEN. SO, IN THIS COUNTRY, THE UK - IT'S QUITE CLEAR THAT THERE'S A FALL BACK POSITION TO TAKE THE MONEY FROM THE CITIZENS AND ONLY GIVE A PART OF IT BACK. Do you have something like that in the U.S. Kerry?

K: Yes, I believe your bank accounts here are federally insured, and it's up to a certain limit. I do believe they can go in and take your money - you know they can play with these rules anyway. You're saying in 21 days, they will give it back to you, but there is no guarantee they will do that. We're in a changing timeline; a changing situation, so all bets are off as they say. I think Greece may be a perfect

example, opt what's going on there. FDIC may be very suspicious anyway, because it is part of the Feds, and the Feds are part of the problem - and that's linked directly to the world bank and is a privately owned corporation as they say. I am not a financial expert but it would certainly be an interesting discussion to have with someone about that. So, your warning is excellent and you did actually say something about this on our multi video that I put out for free on YouTube. However, I am wondering if this is changing - you know what I mean? If this is morphing and I am wondering how exactly it might be morphing. In other words, you are talking about the United States and certain deadlines etc.

In terms of Britain, they've got now a set-up you might call it, along the Russian border. China is also notifying their people, for example. I actually linked it on my website. There's a link having to do with this interview we're doing. Go to my website, www.projectcamelotportal.com; where there has been a lot of issues, I think it's in South China; the south China Sea, (if I recall) and there's some threats going between the U.S. and China in that area. There's something going on with that. And they may also get pulled in. According to the prophecies and this has to do with the Billy Meier prophecies as well; China is supposed to get pulled into the Syrian situation. There are some movements to try and make that happen. Any thoughts on all of that?

S: Interesting. China is the big problem for the states, simply because it now holds 1/3 of the world's gold. 1/3 of the gold is held by Chinese banks. However, it's quite odd. You are quite right, That's being played out quite seriously on one hand, but on the other hand, you have Chinese, and Russian ships and American ships working together to blockade some of the gold coming out from the south sea island mine - from the Rothschild's. On one hand, those countries are working together to put pressure on the Rothschilds and on another hand; they are actually; almost at war with each other. Part of China did a deal with the banking system of America saying, if they were to move across to a silver/gold standard and if they were to give up some of their individuals, then they would be given the codes to be part of the new world banking system. There was a very high level meeting in Britain some weeks ago now to debate this offer. The executive, (let's just call him that), agreed it, and that was then passed to the membership which is many of the top families of the world; who the also agreed that. So what we have is a situation to where 1/2 of the American administration is saying, 'hey, listen - we need to survive. We need to swallow our pride and work with the Chinese'. And that's what The International Monetary Fund, headed by a very able women, which is a totally American organization funded by America, said 'yeah, we are going to work with the Chinese'. So, you got the financial side recognizing that it's staring down a huge hole, and it needs to survive...yet, you have the politicians and some of what I call 'crazies' who are hell-bent on some form of escalation which they think will save them. Some form of military activity which somehow will save their skins. So, this is the problem. When we're viewing this, we are not viewing a coordinated strategy. When you

go to a theater, someone has written a play, and all the actors should be acting out the play and all have their lines. What we've got here is almost like 4 or 5 people have written different lines, and you have a play but they are not all doing what they are supposed to do. So, when I look at it, it is quite discerningly difficult to say which group is this with or which group is that with?

For instance, the United States navy is probably the most sensible arm of the American armed forces. They are the most independent. They are the one's that got hit in the Pentagon when the 911 event took place. It was the Navy's offices that got blown up, because they have always been independent. They have always tried to put the earth first; put their children and their grandchildren first, unlike some of the other armed forces that are so separated from the people. All I can say to you is it's very hard to keep a handle on it because there are many different 'games', (I don't like the word), but there are many different games being played now simultaneously. So yes, you're right Kerry to highlight that and pick that up.

K: Okay. Thank you. At this time, I don't want to keep you too long, but we are having questions in the chat room. This is a live show.

S: I am happy to take some. It's okay.

K: Great. Here's a question: When the United States attempted to pay back the Chinese with gold bullion, the Chinese drilled back into the bullion and found out it was not real, just gold covered. (We have heard that). Do you want to say anything about that?

S: Well it's true. The Chinese always want their payment in gold. The people of the world are told all the gold is held in Fort Knox. There is nothing in Fort Knox. It was in Hong Kong/Shanghai Bank actually. It's not there now. It's probably on Mars. But, that's a whole new story. So we will just keep on with that. The gold was delivered apparently. In the Western world; for people who are not familiar with gold shipments; what happens is that it's done by weight and numbers. All you do is that you load it onto a fork on a truck, and you check the weight and that's all you do. You ship this weight of gold around, but not the Chinese. They had a tip-off. So they drilled in and I believe the metal was Tungsten. They were 24-carat gold plated Tungsten bars. I believe that's right because Tungsten has the same specific gravity as gold; so it will come up as the same weight. So, this didn't cause WW111. The Chinese said, 'Okay, you can pay your debt in real estate. We don't want useless paper dollars - have no use for them. They want tangible assets. That's why so many American ports and toll bridges are owned by the Chinese ... and Boston Harbor. Real Estate is all America had to give. The port taxes and bridge tolls all goes straight to China now, not the United States. From that moment onwards, the Chinese realized they had the United States of America 'over a barrel'; (as we say in England), because the Yanks had no more

gold. That's when China could really begin to put the squeeze on and that's exactly what they've done.

K: Okay. Let me just say that the Oregon Standoff and also the Bundy Ranch - these are land grants that we were aware of. There is a consortium having to do with uranium, as it happens. Hillary, certain wealthy individuals and maybe the Secret Space Program is a beneficiary, but they are doing business together in the Pacific Northwest and, I think Canada as well, to tell you the truth. This is significant because China on the one hand has some standoffs in the South China Sea etc., but on the other hand, they are working very closely in partnership to grab land because in part for what they want to do underneath the land I am told; more than anything else. And one of the things is getting uranium and precious metals out of the ground and so on. Are you aware of that?

S: I wasn't aware of the minerals; wasn't sure of the minerals. But, I know that China has reached a point where it is polluting its country to such an extent, that within the next 5 years, it will no longer expand. And, I tip India. India will be the next China, but that will take longer. So what the Chinese are doing, is saying, we are looking at materials that make micro circuit boards. The stockpiles are very low of certain materials. So, you can hold the stockpiles of these key elements, (Gold is not one of them). Platinum, Uranium, and others are used in manufacturing, but manufacturing in very high-end electronics.

Also, you did mention the Secret Space Program ...

K: Yes –

S:...In the SSP; there are a number of metals which when added to something else, will pass, (not as good as off-planet materials and some of those minerals we can't find on earth), but they will allow certain alloys or metals to be made. So, there are organizations within organizations who are trying to protect their own state of real estate; their own empire –so they can maintain.

For instance, the Americans say, 'no matter what happens, we have to have a fleet. We have to have a fleet. So, if you have a Secret Space program, you would say, 'what will we do. Should we sell ourselves off to the highest bidder?' So, whatever happens to the United States of America, the Secret Space Program is an asset. So, what will it do? Will it go and sell itself off to someone else, or will it become a special police force all of its own? These are the questions that are seriously being asked.

K: Right, absolutely. Okay, now – I'm looking into the chat and someone says they have a family investing money in many U.S. banks. **DO YOU RECOMMEND THOSE INVESTMENTS BE MOVED?**

S: Right. Well, I am not going to make an announcement like that, because the way the world works is that someone will come knocking on my door and say, 'you told me to do this'. (smile) What I will say is that I personally am not investing in any banks at the moment. I AM AWARE THAT THE MONEY IN THE BANK COULD BE TAKEN TOMORROW. AND, THERE IS NO SAFE PLACE IN THE SYSTEM TO PUT MONEY. GOLD HAS NOW REACHED A LEVEL THAT IS QUITE HIGH. SILVER IS STILL QUITE GOOD. PLATINUM IS QUITE GOOD. GOLD WILL GO HIGHER. IF YOU WERE BUYING GOLD 3-4 YEARS AGO; YOU WOULD BE QUITE GOOD ON THAT. BUT, BEARIUN MIND THAT YOU CAN NOT GO TO YOUR LOCAL STORE WITH AN INGOT OF GOLD AND SAY, 'I WANT FOOD'.

WHAT YOU HAVE TO DO IS, YOU HAVE TO GO TO A DEALER. NOW, HOW LIKELY IS IT THAT, THAT DEALER IS GOING TO BE IN A POSITION TOP BUY THAT GOLD OFF YOU? WON'T HE BE ATTACKED? WON'T THERE BE HOARDS OF PEOPLE OUTSIDE? SO, WE NEED TO THINK IT THROUGH. I THINK PEOPLE ARE BETTER OFF INVESTING IN FOOD AND WATER AND SOMETHING THAT'S TANGIBLE. I DID A CONFERENCE A FEW MONGTHS BACK AND I SAID TO PEOPLE, IF YOU ARE POSTPONING BUYING YOUR HOUSE, HURRY UP. HURRY UP AND BUY YOUR HOUSE BECAUSE THAT CAN'T BE TAKEN OFF YOU.SO, I PERSONALLY WOULD NOT BE INVESTING ANY MONEY IN A BANK AT THE MOMENT. THAT'S MY BEST ANSWER.

K: Okay, let's see. Some people are asking some wild questions.

S: I don't mind if they are logical questions.

K: They are saying things like, 'how do we overthrow the government; the elites? In other words, I think what is coming through here...and keep in mind, this is going worldwide. I have a worldwide audience. Some of these people are Americans and some of them are in other countries. I think what they are basically saying is: WHAT DO WE DO? THAT'S REALLYTHE QUESTION BEHIND THERE, NOT SO MUCH OVER THROWING A GOVERNMENT, BECAUSE THAT'S NOT WHAT'S GOING TO HAPPEN. GO AHEAD IF YOU WANT TO ADDRESS ANYTHING TO DO WITH THAT.

S: Well, that's what happened in Iceland. They overthrew their own government. It was not reported and I keep on telling people because it's so important that the people of Iceland went off the streets, went off the sidewalk; went into the parliament building and physically threw their lawmakers out onto the street. And I think three bankers were jailed. So, that's a bloodless revolution. That's not violent. That's just ejecting people who obviously weren't fit for office. I don't ever say to people, 'you need an army revolution'. I think we leave that to the military. I think there are plenty of people who are military men and women in different

countries, who have absolutely no intention of their children. Their grandchildren, their own parents, their brothers and sisters - being treated badly. So, there will always be a small proportion of military men who will do whatever they're told; even if that's to shoot on their own citizens. But, the vast majority of military will not do it. And, they will turn on their own government. So, it won't have to come from the citizens.

What the citizens have to do is push back. What citizens have to say is 'I AM NOT DOING THAT. THAT'S ILLEGAL, AND YOU CAN'T MAKE ME DO SOMETHING ILLEGAL'. That push back will prick the conscience of everybody who has an official position. THAT IS WHAT WILL CAUSE THE CHANGE. On a more positive note for people on the ground is, FORM GROUPS, FORM SUPPORT NETWORKS. FIND PEOPLE LIKE YOU BELIEVE. PUT FOOD AND WATER ASIDE. KEEP IT HIDDEN. DON'T DISCUSS THAT WITH PEOPLE OUTSIDE OF YOUR FAMILIES OR YOUR GROUPS. SHARE INFORMATION. INSURE THAT YOU HAVE SOMEONE IN YOUR GROUP WHO UNDERSTANDS MEDICINES; A FIRST-AIDER, A DOCTOR OR NURSE. DO THINGS IN THE UNITED STATES OF AMERICA, A PROCTOR COMMUNITY – BUILD A NETWORK WHERE YOU COULD LOOK AFTER YOURSELVES. I AM NOT ADVOCATING VIOLENCE AT ALL.

K: Okay, so some people are saying they want to leave the United States, and WHERE SHOULD THEY GO? It's an interesting conundrum.

S: RUSSIA – well, that surprised everybody. IF YOU WANT TO GO TO A COUNTRY UNTIL THE TERRIBLE RECESSION, WHICH THE AMERICAN GOVERNMENT CAUSED BY ALTERING THE OIL PRICES; RUSSIA HAS THE GREATEST GROWTH FOR IT'S COMMUNITY THAN ANY OTHER COUNTRY IN THE WORLD. Russia has actually paid almost all of it's debt off. Pensions have gone up. Wages have gone up. The standard of living has gone way up. Then of course, America attacked Russia by affecting the oil price; trying to force the oil price down. (Okay-that was a half joke there). IT DOESN'T REALLY MATTER WHERE YOU GO BECAUSE WHEREVER YOU GO. YOU ARE GOING TO BE IMPACTED BY SOMETHING. I THINK THAT RUNNING AWAY IS NOT THE ANSWER. I THINK IT'S ABOUT SAYING, 'WELL, OKAY. I LOVE WHERE I LIVE.' IF YOU ARE ON A FLOOD PLANE, YOU MIGHT WISH TO CONSIDER IF YOU HAVE THE CAPABILITY TO MOVE, THEN MOVE. BUT IF YOU'RE NOT, THEN YOU JUST SAY, 'I'M GOING TO MAKE THE BEST OF IT HERE'.

REMEMBER- IF WE ACCEPT THAT THE WORST IS GOING TO COME; THEN MAYBE THE WORST WILL COME. BUT IF WE SAY, 'ACTUALLY, I DON'T THINK THE WORSE WILL COME. IT'S JUST GOING TO BE A SMALL PROBLEM WHICH WE CAN GET OVER' - THEN OUR CONSCIOUSNESS WILL FORCE GOOD ENERGY IN. SO, I THINK YOU STAY WHERE YOU ARE

UNLESS YOU GOT FAMILY AND FRIENDS SOMEWHERE ELSE. Look, if I had a 3-month old baby and I was away somewhere working; I think I would want to get back to where my family was. So, I would say that. If you have the option of living in two or three places; then yes – then do it.

K: Yes, right. Okay, again I am scanning this chat. Someone is saying, 'coastal cities have spirals carved into rocks that our ancestors seeded; something like the 'Norway spiral'... It's more of an ancient sites question. Do you want to answer it?

S: Yes. We can talk of the situation about Lemuria and Atlantis and how the arrogance and the drive for corrupt power and technology caused supposedly very great nations to destroy themselves...but never the less, led to the Agarthan 'Hollow Earth' movement. And how this is imprinted in our psyche - of tidal waves and water coming across.

We've got several situations. We have the potential of the Planet X or Nibiru causing some form of tidal disturbance. We have the potential of some neutron-type bomb being detonated off the Canary Isles, which would cause a man-made tidal wave. Many, many cultures who have had the 'remote viewing' capability - we shouldn't just think it's just 21st and 20thst century people. IN fact, it was greater and shared more by non-elite people back in those days, and who have divined many timelines where they see cataclysmic ends. So, one of the best ways to do that is to leave some form of marker, or carving, or statue near where the ocean is. This is perhaps to say to the ocean, 'please don't do it again,' or perhaps to say to people, 'this is a way marker because this is a point that is dangerous'. So, I am aware of those markers and there are many more which the authorities have destroyed and have removed.

K: Yes. So someone want to know, 'do you think what they are calling an 'alien invasion' will happen if the war starts? We already have an alien invasion, but go right ahead Simon.

S: I've been quite careful with the Planet X/Nibiru information; simply because there is an arm of the elite who would like to use the potential of Nibiru as a 'false flag.' In other words, to say, 'This is an alien invasion, and we need martial law' etc. etc. I've always said to people, 'if you are being encouraged to observe something, it must be fake.' If you are being told, 'there is nothing there, don't waste your time, move along please; then it's obviously real'. This is because the authorities only want to show you what they want to show you. So, be aware if you are told to go down and by little telescopes and you can see this and you can see that ...because they want you to see it. It's because they wish to manipulate it.

So, a 'false flag' alien invasion; yes, still very much in the cards. For the last four years, I have always warned that the American elite have first generation black triangle flying craft given to them by 'Gray' aliens. They've back engineered that. They have little Gray aliens with no souls in them that are robotic. They have already shot footage of supposed firefights between plasma weapon-armed Grays and Navy Seals; which would be shown on Fox News and CNN, as a fight between the brave boys in the United States of America and the aliens. That's already rolled.

So don't think that 2001 Space Odyssey movie was the one and only attempt to create moon landings. But, this is just one card in a hand of cards that these people play. The difficulty is – and you said it earlier today Kerry quite succinctly; that their time is so narrow now. The end of 2016 is when they got to play their final cards. They've got to do it because in 2017; whatever they 've been dealt with in 2017'; there's no more replenishment, there's no more cards. So, whatever hand they lay on the table and try to play by 2017, that's what they are playing for. At the moment, they are still passing cards to each other, but they only have one or two. So, that's how I try to describe the situation they're in.

K: Yes, I think that is quite accurate. Let's see, somebody wants to know the answer to a somewhat obvious question, but I think it's worth talking about.
DURING THESE DIFFICULT TIMES, WHAT IS THE BEST ATTITUDE TO MAINTAIN?

S: That's a lovely question and, it's a really nice one to have. STRENGTH, DETERMINATION and CONFIDENCE. Confidence that we didn't all of us just come here to die. We didn't all come on this planet to say, 'okay, that's it – off we go'. WE CAME HERE TO EVOLVE. WE CAME HERE TO GO FORWARD, AND WE CAME HERE TO CREATE LIFE; whatever that might be. That's what we came here for.

JUST BECAUSE A FEW MAD, CRAZY PEOPLE WANT TO DO SOMETHING DOESN'T MEAN IT HAS TO HAPPEN. IF THE VAST MAJORITY OF THE HUMAN RACE WAKE UP AND SAY:

'YOU CAN'T DO THAT IN MY NAME' - IT WILL NOT HAPPEN!

SO, WHAT I NEED PEOPLE TO DO PERSONALLY AND I DO THAT WITH MY 'CONNECTING CONSCIOUSNESS' GROUPS; IS TO FORM GROUPS, PASS THE EMAILS, PASS YOUR PHONE NUMBERS. MEET REGULARLY; BOTH PHYSICALLY AND ONLINE. IF ALL THAT SYSTEM COMES DOWN, HAVE CB RADIOS. TRY TO BE IN TOUCH; AND IF YOU CAN'T BE IN TOUCH; HAVE THROUGH IT IN YOUR MIND OF HOW YOU ARE GOING TO STAY STRONG? IF YOU HAVE FOOD, IF YOU HAVE WATER, STAY INDOORS. AND

REMEMBER, IF YOU'VE GOT PETS, PLEASE MAKE SURE YOU HAVE FOOD FOR THOSE PETS, BECAUSE THAT WON'T BE STORED IN THE SUPERMARKET. ALL YOU HAVE TO DO IS TO SAY:

'THIS WILL WORK IT'S WAY OUT. WE HAVE TO HAVE THIS, TO COME OUT STRONGER ON THE OTHER END.'

AND WHATEVER YOU'RE TOLD; IF YOU ARE TOLD TO GO TO A MEETING STATION TO BE INNOCULATED – DO NOT GO!!! DO NOT HAVE INNOCULATIONS! THEY ARE NOT NECESSARY AND THEY ARE NEGATIVE.

SO, IF YOU ARE TOLD TO COME OUT AT 8:00 IN THE MORNING AND TO MEET AT SOME PLACE AND YOU ARE GOING TO BE PICKED UP BY LORRIES (TRUCKS), TAKEN TO A 'SAFE' PLACE, DON'T DO IT. IF YOU'VE GOT YOUR FOOD AND YOUR WATER; YOU ARE SAFE. SO, BE STRONG AND PLEASE REMEMBER THAT MOST OF THE INFORMATION THAT YOU ARE GOING TO BE HEARING FROM YOUR 'OFFICIAL' CHANNELS, IS SIMPLY THERE TO LIE TO YOU. That's what I'm saying.

K: Right. Someone wants to know and I think this is a worthwhile question. They are flooding Europe, as we know, with refugees and there is an end game involved with this whole move. And, that does seem to be factoring in to the whole Angela Merkel situation as well. Now, I don't know what her game is in this sense, but she lowered the bar so that more refugees could come into Germany, let's say, than go other places. Do you have anything to say about that?

S: Yes she did. IT's staggering. There's upwards of one million economic migrants, (that's the British term), refugees is another word. But, over a million people who probably don't speak the language, don't dress the same, and don't look the same. And, that was part of destabilizing. In the second World War, Nazi Germany dropped as many bombs on the City of London in Great Britain as they could; thinking that they could break the spirit of London. They never did. The reason was; that on every street, somebody knew somebody. Your grandparents lived five doors from the sister, and your sister lived ten doors from your brother. Everybody got together at night. They all played cards together, they made tea or coffee – they sang - they did all that.

If I bring in a million people who don't speak my language, who don't dress the same way I do, who don't go to the same church as I do, don't eat the same food I do, and then bombs start falling or something happens – there isn't that cohesion to create that strength of society. The whole point of bringing these refugees in was when the super markets is closed, when there are no more social security handouts – you will have one million angry men who don't speak the language going on a rampage. It destabilizes the country. It keeps the police

busy. It keeps the army busy. And, it totally leaves you at the control of elite people outside. That's the whole reason for flooding Europe with refugees. Let me make this clear. These people are victims. I do not have anything against these migrants. If I went to a group of migrants who have no food, no water, no opportunity and said, 'listen, if you travel 500 miles over to this country; you'll get a job and money'. Of course, you would go. So, they were lied to. I have seen the pictures of queues (lines) of women and children walking for miles because they think life will be better. It's a cruel lie. And, they would use the refugees as political pawns to put pressure on governments and destroy them. Just to finish off your question Kerry that you were asking in your own way: 'why did Angela Merkel agree to it?'

I said in one of my first alerts, was that the elite turned against Angela Merkel, because Angela Merkel had played the game, she'd done everything they wanted; brought in these migrants, and then she realized ... that she was signing her own death warrant. She was going to destroy the country in which she would have no job. Let's be blunt about it. She would have nothing to be chancellor of. So, she started back-tracking, and the moment she started back-tracking - because she saw that she had no control over the country. American tanks are active in Germany. Nobody asked her permission. It's like the nuclear submarines that are 'Great Britain', but we can't fire them. The only person that can fire those missiles is America.

SO, NO SOVEREIGN COUNTRY ACTUALLY HAS A SOVEREIGN GOVERNMENT. And so, individual governments are beginning to say, 'Whoa, I don't want this'. Because, it will be Angela Merkel who is surrounded by mobs of angry German people to be held to account. It won't be someone in America. So, these European leaders are now realizing that they better do something quickly. So, that's what's playing out more.

K: Okay. There is also the aspect though, that this is an Illuminati ploy to create a One World Police force starting with Europe, actually. And, the influx of the migrants create chaos and then they want to bring order out of chaos. And then, h, by the way, we need to have a united police force to keep order in these countries. This has been posited and it does seem very likely that this One World Government –you see-off course as everyone knows; everything; the financial reset, all of it is aimed at getting this One World Government. Well, a One World Government needs a One World police force, and it seems in some ways, they have it already, in my view. None-the-less, can you address that?

S: You are accurate. The only problem that they underestimated was that they would have to bring in people who didn't speak the language of the country they were policing. Very few Americans would undertake the type of orders that they would need to be given. That's why actually, you have large numbers of people from the old Yugoslavia; Serbian, who are finding themselves suddenly in NATO

uniforms. So, there are a large number of people from the Eastern European block, who are now in NATO uniform. But, it can't work because they will not have enough. You couldn't have very many Americans in America doing that. They would have to speak a different language. So, think of all your countries. It's a plan that they've had for twenty years, at least to my knowledge. But, they don't have the manpower. So, that can't work. It might work in one or two countries. You are going to say, well, we are going to have this One World police force or one European police force. People are going to be so untrusting by that time - of their leaders; that it can't work. The ability of world leaders to engage with their public is nearly at zero anyway. It's one of those plans like wiping out 75% of the world population; it was one of their plans that was on the table; disappeared and has come back again. Both of those actually recently came back on the table, to my knowledge. But, they've come back on the table because they can't find anything else. So, it's not so much that that's what they are going to try to do - it's that they've just come back full circle.

K: Okay. Let's see. I am going to look for some more questions here. You know, it did occur to me there is some question - I'm hearing other people's points of view being put out there as to, 'what's happening in the world?' etc. And, one of the things that I saw recently was saying how Brexit was working counter to what they want. I was struck by the thought, because we are talking about the very top of the pyramid, and how they wanted Brexit. I was told by Cameron Faily, one of my witnesses' who has 'gone dark', as they say - who was not correct about everything in terms of timing, but he's a very good analyst when it comes to the banking sector and the Middle east. Superb really-analyst. And one of the things he said several months before the whole Brexit happened, was that the City of London was going to orchestrate a situation in which they would separate from the rest of England. And, that that was in the plans. This is what he was told, and then we had Brexit, and all of a sudden, the City of London was isolated. And now, we actually have the potential for an attack on the City of London as well. So, do you want to address any of that?

S: I totally agree with everything you've said. 75-95% of the world's elite all wanted Great Britain to stay within the European Union. All believed that the voters of Great Britain would keep the country within Europe, and it would be steady as she goes. A handful of people who are at the very top of the pyramid decided as part of the destabilizing plan - that they would make sure that Britain voted to leave; Brexit. Now, it doesn't mean that they altered the counting machines or the ballot papers. What actually happened was that they insured that their friends in media, night after night after night, ran images of non-European people, desperately hungry, pushing through borders, rioting and fighting. You have to ask yourself, If people are so media savvy, why would they show these images in Great Britain on major national television and major newspapers every day of the week. That's because they knew every time they did that; that was another vote to leave.

Your informant is absolutely correct. The plan was that Britain would leave Europe but the City of London would be floated away. It's already like Capital Hill and like the Vatican – it's like a separate entity. That would be separate and therefore could carry on the trade. But, actually, it would be separate from the government of England and therefore would become its own entity and very much more powerful. It wouldn't have to pay homage to anybody.

And that was literally put forward by the new mayor of London. He had only been in office a few days, and he then just came out with this nonsense. 'Oh, well, you know, the City of London could be separate'. Well, that died there. It was on the table, but they've looked into the possibility of it, and, if you are going to be knocked out anyway, why and what difference does it make? If someone is going to come and curtail all your business; it doesn't matter whether you are going to be part of the country or separate; you will cease to exist. And, because there is a very serious plan to make the City of London temporarily cease to exist – that's dropped off the table; because that is not their big concern now. Their big concern is just survival.

So yes, your information as far as I'm concerned is absolutely accurate but like so many things, what is accurate one minute to midnight on Monday, is not necessarily accurate one minute past on the following day.

K: Okay, again I'm scanning this and we'll see if there's anything I can ask on behalf of these questions here. Ah...okay...someone wants to know if Snowden is alive. He's broadcast recently, so I think he is very much alive. If you have any comments, you're welcome.

S: Let's talk about the number of very good people who have left the planet recently. Many have been murdered. Many of them looked as though they have committed suicide or drugs overdose or something. In most cases, they've been removed because they were a threat. There have been some very lovely people who have gone. It's a great shame that black magicians have been very active at targeting good people. It's because it's the end game; not the end of the world; but the end game for these people. And, I think that these people are full of malice, full of anger and they are just striking out now at people who they have come into contact with and for whatever reason, they really dislike. So, I won't name any names. But, there has been some very wonderful, beautiful people who have left before their time; simply because somebody took a dislike to them. Those people like Julian Assange who have spoken out, and crazy websites, and putting real names to real people, have been attacked simply because somebody is just angry. It's not about justice. IT's about these people are crazy. I need to explain that. Their sick in the head – these black magicians - and they will just attack somebody for no apparent reason, other than they feel slighted by them. So, we need to be aware that just because somebody dies, or may have taken drugs does not mean they died from a drug overdose. I am not going to mention

the person.

I get very cross with certain aspects on a particular website which I won't mention but you have contact with Kerry – where somebody dies and that everyone or many people come out and start saying, 'this person was a druggie' or what have you. Did they ever meet that person? Did they ever know?

So, I would just say to people; hold on a moment. There is a war going on in the unseen world - in the air, in the ether, between the forces of good and the forces of not-so-good. And rather than wasting your time writing this down I would say to these people, why don't you go support the forces of good? Why don't you do something positive? That might be donate to Kerry's site. It might be go and help David Icke. It might be whatever it might be, but do something positive. Do something to help the planet because ever little bit helps. And if the balance is level, lets just put one more dime on the good end and tip it over for good.

AND, I NEED EVERYBODY ACTUALLY WHO BELIEVES IN TRUTH AND JUSTICE, NOT TO JUST SIT IN THEIR ARMCHAIR AND MOAN AND GROWN. But, DO SOMETHING. DO SOMETHING POSITIVE, NO MATTER HOW SMALL.

K: Absolutely. Very true. Let me say, there is something going on with London at the moment. There will be British people who see this, and you know, I love London. I've had the opportunity to spend quite a bit of time in England recently. I don't know. Some people have a problem with London, but I love London and it's a very international city. This possible attack - do you have any advice for people that are traveling to and from London? What situation might they encounter and how to react if they do?

S: What I would say to people is very, very clear. If you are traveling over that key period, you will get disrupted. There is no question of that. You will have your passport checked 20,000 times ... two seconds –hold on a moment...

K: Okay, sorry everyone. Actually, we did lose contact with Simon right then, so let's wait and see if he comes back ... okay-here he is. Hi Simon.

S: ...Sorry, that's very useful. We just had the police at the door.

K: You're kidding?

S: That's all right. That's okay. They just wanted to know if everything was all right. (Kerry and Simon chuckle). Unbelievable...

K: That's like a subtle warning.

S: That's unbelievable. Well, everything is all right so we'll just carry on then.

K: Maybe they didn't like my statement or question.

S: They just don't like the truth. Yes, planes are not going to drop out of the sky. That's not what's going to happen. WHAT IS GOING TO HAPPEN IS THAT THERE WILL BE A LOCK DOWN, AND IT WILL BE VERY HARD FOR A FEW DAYS TO OBTAIN THE BASIC STAPLES OF LIFE. SO, I SUGGEST THAT PEOPLE DON'T TRAVEL IN OCTOBER. BUT, IT COULD BE EARLIER THAN THAT. I'VE BEEN SAYING OCTOBER FOR THE LAST TWO OR THREE YEARS. BUT, THE WAY THINGS ARE PANNING OUT, SOMEONE IS TRYING TO PUSH THIS AGENDA EARLIER. ALL I CAN SAY IS TO PLEASE WATCH THE GOLD PRICE. WATCH THE SILVER PRICE. AND, IF YOU SEE A SUDDEN SPIKE, YOU'VE GOT BETWEEN 12 - 24 HOURS BEFORE SOMETHING HAPPENS, BECAUSE THE ELITE ALWAYS KNOW. When the Twin Towers came down, United Airline shares changed dramatically, particularly some twelve hours before hand. So, there's always a money killing to be made and people will be involved in that. If you have to travel, then you have to travel. But, I personally would not travel in the month of October.

K: Okay, very, very interesting.

S: I need to go now because the situation downstairs is somewhat interesting Kerry.

K: Right. Okay, well I think we covered a great deal of ground anyway, so thank you so much Simon for coming on the show and for putting yourself on the line in this way. We've had quite a substantial audience. I think we have over 1500 LIVE viewers. That's got to be a record on YouTube, I would imagine. We are talking live viewers here.

S: Thank you and the fact that the police turned up at the house during this and are outside now... Please don't have any concern. Don't let the audience be concerned for me. I'm perfectly fine. Nothing bad is going to happen.

K: Okay, bless you and stay safe. I'm sure you will be and thank you again. Hopefully, we will be back in touch in the near future.

S: We definitely will be. God bless to you, and to all your listeners and viewers. Bye, bye.

K: All right. Thank you very much; bye bye
Thank you for listening. Stay optimistic. Understand that we are going about a change of consciousness on the planet. There are some hard knocks that we need to go through to wake up, and this is part of it. Stand together. Work with friends and family, and I guess prepare is all we can do. Anything else you can do is to stay positive. Even to you computer 'trolls', stop your negative doings and try to understand and be sympathetic to the state of humanity at this time, and see what positive things you can do for humanity, rather than trying to break down those that are putting out the truth. All right. Thank you again and have a great day. Bye. Bye.
